

ONLY FAITHFUL SERVANTS WILL RULE OVER MANY THINGS

1st Lesson: Luke 12:48

2nd Lesson: Matthew 25:20—21

Golden Text: Matthew 13:12

This Gospel is the recondite wisdom of God which has deluded the people of the world; and it is the key which opens the Kingdom of God. You can now realise why it is said that it is very difficult for a rich man to enter into the Kingdom of God. You can now realise why it is said, if a man has the good things of life, and sees his brother in need, and shuts up his bowels of compassion from him how dwells the love of God in him? If you take a look at the whole world how many of them would you say do have the love of God?

It Is More Blessed To Give Than To Receive

One person claims to love God, another person claims to know God but how many people really possess the love of God in them? You have heard what has been read unto you. The Gospel is not only for Me and you. It also belongs to the church denominations and governments of the world. All the whites and blacks; the quick and the dead also share in this Gospel because it is an everlasting Gospel. The down-fall of all the governments, the whites and the blacks, the secret societies and church denominations emanate from this

Gospel. According to the Scriptures, he who gathered much had nothing over and he who gathered little was not in lack. This is so because he who gathers much has to share what he has gathered with those less fortunate than himself. That is why it is said that it is more blessed to give than to receive.

Man Is God's Storekeeper

All human beings — male and female, are stewards of God. They are also treasurers. They are also store-keepers. There is no other place where God can store His wisdom except in man. There are no other places where He can keep His own children, He keeps all his children with man. There is no other place where He can bank His money except in man. Therefore, if He has given much to you, He requires much from your hands; If He gives you plenty of money, it means, He also requires plenty of money from you. If He gives you different aspects of wisdom, He requires much wisdom from you. If He gives you many children, He also requires many children from you. He has not given you anything to be locked up or hoarded.

Distribute To The Necessities Of The Poor And Needy

And that is why it is said that to him that has much will be given unto him. If you have anything now and you distribute out to those who have not, God will give you much more than what you had. If God gives you wisdom and you impart this wisdom to others by teaching them, God will give you many other fields of wisdom. If He gives you two or three children and you surrender these children into the services of God, He will give many more children. If He gives you plenty of money and you use this money to help develop the streets, the cities and villages, and distribute to those who are in lack, God will give you much more money. If God has revealed anything to you through vision or dream and you deliver this to people that it may be well with them, He will

give you many more revelations in visions and dreams. If He gives you the gift of dreams and you reveal to people what God has revealed to you and through that they do that which God asks them to do, then God will reveal more things in dreams unto you. But if you monopolise these talents to yourself as your bonafide property, whether it is money or visions or dreams or wisdom, then God will take them back from you.

Only The Christ Revealed God As The Father To The World

That is why in His last prayer our Lord Jesus Christ said "I have finished the work which thou gavest me to do and now, O Father, glorify thou me with thine own self with the glory which I had with thee before the world was." Hitherto the world did not know that God was a Spirit, it was only our Lord Jesus Christ, who revealed this to the whole world — that God is a Spirit. No person in the world knew that God was the Father, it was our Lord Jesus Christ, who disclosed this truth to the world that God is the Father. The world had never known God at all. They imagined that God was a tree, a stone or some other things. Some even said He was non-existent. But Christ came and revealed Him publicly to the whole world. The world has never known that God is human but for our Lord who came and revealed to the whole world that God is human we would have all perished. The world did not know that man is the son of God and that we are all children of God because they did not know who God is, nor did they know what He looks like.

Our Lord Jesus Christ, The Only Teacher

He made it known to the whole world that He is the son of God and that we are all children of God. That is why He told us not to call any person a teacher because He alone is the teacher; and all of us are brethren, the children of God. He

alone made us understand that there is no other person, apart from God, who can teach another person anything. The only Teacher is God Almighty. He alone knew and taught that it is the Father who gives all things and whatever He does not give you cannot have; and that no person can do anything out of his own volition. No person knew that the Father alone has all powers, and that all powers belong to Him. That is why He told His disciples to go and wait in the city of Jerusalem until they be clothed with power from on high. No person had ever known that God exists or that God can bestow any gifts to people and that God is patient and kind and loving, such understanding was hidden from the world until our Lord Jesus Christ came and revealed these attributes. The people did not believe that one can ever see God but since our Lord Jesus Christ has seen God He came and showed God to the whole world.

No Death, But Cycle Of Re-incarnation

When we hear of an angel we imagine what an angel looks like, but He alone came and revealed to us that an angel is like a man when He told His disciples that Elijah came and the people did to him as they liked. People had never known that there is nothing like death but they are only translated in the cycle of re-incarnation. That is why He told His disciples, "I go to prepare a place for you. And if I go and prepare a place for you, I will come back and receive you unto myself that where I am there you may be also." It was after His declaration that the people realised that there was nothing like death. It was Him who revealed unto us the effect of tribulation because suffering and tribulation reveal God to you and bring everlasting glory to you.

All Men Are Equal

He alone reveals the oneness of all men, whether you are

white or black, rich or poor, male or female, good or bad we are all the children of God, and we are all equal before God. At first people did not know that God is love and that He loves everyone equally. They did not know that God is the truth and that He dwells in us and not in any other place whether Jerusalem or Bethlehem. No person knew that God is everywhere. He revealed that we are all children of men and we are children of God. He alone revealed that when you are a son of man and you refrain from sin, you will then become a son of God; and so you are god because you do what is pleasing to God.

Equality

The Father made the above revelations to our Lord Jesus Christ and since He Himself is God He did not reserve any of the revelations to Himself but declared them openly to the whole world. Our Lord Jesus Christ is the embodiment of God and He has the twelve powers of man. He has all powers, all wisdom, all love, all peace, and life, everything hangs on Him. Since He has been given much, He has also distributed much to others and do you not realise His glory? Can you realise how God is so benevolent? He does not hide anything nor does He reserve anything to Himself. He puts all things out to the children of men that they may be equal.

No angel would reveal these things to men. No human being would have revealed anything to man. But since He Himself is God, He taught us His conduct by revealing all things to us, thereby proving that we also are gods, the children of God and the children of man and so we should love one another. He was the person who also revealed the efficacy of the words to man: that you can heal through prayers, it was not necessary for any person to take any kind of medication or to go to a necromancer, or to consult an oracle or to take the leaf or the bark or root of tree as

concoction, but only to speak the word and the person becomes well. The dead man will rise up, a lame man will begin to walk, a blind man will see. He was the same person who told the whole world openly that He who believes in Him will do the same works that He did and greater works than that will he do because He goes back unto the Father. Today, many people are saying that no person can be like Jesus, but have you heard what He says? That any person who believes in Him will do greater works than him. Do you not notice how clear and polite He is? It was our Lord Jesus Christ who disclosed to Philip when Philip asked Him, show us the Father and we shall be satisfied and he said: "Have I been with you all these years and you do not know me, Philip? Do you not know that I live in the Father and the Father dwells in me? He who sees me has seen the Father. He further told Philip that "The words I speak are not from me but from the Father." Before then no person knew that God dwells in man or that man dwells in God. We were thinking that God dwells in water or in the sky or in the tree. But He was the person who actually made it clear that God dwells in man and man dwells in God. He came and declared to the whole world that He is the son of God. Prior to this, people used to think that there was no God, so He could not have a son. If you talk of God having a son, people will laugh you to scorn. He was the only person who revealed the Father as the Doer of everything. Before this, you attributed everything to Moses and Elijah but our Lord Jesus Christ alone proclaimed that the Father was responsible for all things.

In Everything, There Should Be Equality

It is also our Lord Jesus Christ who has taught us that we received everything freely and we should also give out everything free. But the whole world has rejected His teachings and that is why you find the world beset with

problems and difficulties. It is our Lord Jesus Christ who revealed to us that whoever has two coats should give one to him who has none. He who has food or money or any other thing should do likewise, so that in everything there may be equality. He has taught us not to regard ourselves as better off than others. But rather to count others better than ourselves.

Love Your Enemies

Before the advent of our Lord Jesus Christ, people were preaching the gospel of retaliation, an eye for an eye, a tooth for a tooth. But when our Lord Jesus Christ came, He changed the mode of preaching. He said love your enemies and pray for those who hate you and do good to those who despitefully use you and persecute you, that you may resemble your Father who is in heaven because He causes His rain to fall on the good and the evil, and causes His sun to shine on the just and the unjust. He, it is who, has taught us that we should love one another even as He loved us. Hitherto, no person knew what is called the love of God. He says if you keep my commandment I do not call you servants for no servant knows what his master is doing, but I call you friends because I have revealed to you all that I have received of the Father. You did not choose me but I chose you and ordained you to go and bear fruits so that whatever you may ask from the Father He may give it to you. Can you see the way and manner which our Lord Jesus Christ has taken back all the powers and glory to Himself. And the Father has given everything unto Him. He has told us that the Father has given all things unto Him and that He was returning to the Father because He came from the Father.

Lesson On Resurrection

He, it is, who taught us that everything is from the Father

created everything in abundance, but due to the disobedience of those who have been entrusted with His wealth, the masses are suffering. But they should not fail to realise that He will require these things in abundance from them. They should bring these wealth and money to serve Him in this Kingdom.

Sources Of Our Wealth

This earth does not lack anything. It is filled with wealth but it is only wisdom which is the key through which you can unlock these valuable things buried in the world. Did you know that there is gold in Nigeria? Do you know that we have silver, diamond, coal, zinc, salt and mineral oil products? These are the things which constitute money. But those who have the wisdom to exploit these things, especially the whites, will not reveal the secrets to you. Does that show they have love for God? All raw materials for clothing you can think of, are here in Nigeria. There is no need importing silk or lace or wool. Did God create that area differently? The manufacturing countries are very similar to your country. So why do you have to borrow and import everything from them? Around here, you have wealth and riches lying dormant, untapped. The soil, the grass, the barks, roots, leaves, wood of trees, clay, mud, fruits, seeds, sand, even your urine and excrement are potential wealth which you have not learnt to utilise. These are money.

God Teaches Man Everything

God revealed the science of mathematics to the Egyptians. And that was money to them. The invention of aeroplanes, electricity and the rest of the inventions were revealed by God to certain persons. And so instead of teaching others the art, they monopolised the knowledge that is why there is suffering all over the world. Even when you go to study

abroad, the whites will not teach anything of value. They will theorise everything to you leaving out all the practical side.

No Incurable Diseases — God Has A Panacea

Now that you are sitting down here, God is teaching you everything even as it was written that they shall all be taught by God. Now there are rumours about incurable diseases like Cancer and Acquired Immune Deficiency Syndrome (AIDS) But God has taught some people the cure of these diseases. And once you know the cure to these diseases you have surpassed the world and it is possible for you to become a millionaire. Who ever told you that there is any disease which has no cure. Does it mean that there is no God? There is God. These diseases are meant to strike those who do not believe in God but as for those who believe in God such diseases have no power over them.

The Efficacy Of Dreams

Do you not remember when God wanted to visit the land of Egypt with famine, He revealed it to Pharaoh. If Pharaoh had kept that dream to himself, the whole world would have perished. Eventhough he was hard-hearted, Pharaoh did not keep the dream to himself but he reported it to the people so that those who knew its meaning could bring about a solution. God revealed the meaning of the dream to Joseph, and if Joseph had kept the revelation to himself, they would have perished. God also revealed something to King Nebuchadnezzar, and if he did not command his counsellors, magicians and sorcerers to tell and interprete the dream to him, the world would have perished. But no person knew the dream excepting God. And God revealed this to Daniel. And so when the king wanted to kill the wise men, magicians and sorcerers for failing to reveal the dream to him, Daniel told him not to do so because he was going to tell him the dream.

Daniel went and called his fellow-men and they came together and prayed and God revealed the dream to them. If he does not reveal anything to you, no person will reveal it.

Money Hoarders Deserve Death

And now, the Father is here, the Son is here and the Holy Spirit is here on earth, how then can there be a disease that has no cure? That is impossible. These incurable diseases are for those who do not believe in God and that is why this gospel has been revealed to you today. Because you have certain things and money in millions but you receive these things for yourself as your own bonafide property, you deserve death. Suppose we are all alone, there is no division, there is no segregation and there is a certain white man who has money in millions but he sees a fellow human being, his own brother who has need but he closes his bowels of mercy against such a person. Tell me how the love of God can dwell in such a person? Now you are going to both International and World Banks to borrow money. Who owns the banks? Are the banks not owned by God? What about the various cities and countries where these banks are situated and those who control the banks who owns them? Are they not owned by God? Have you not heard this gospel; that to whom much is given, much is required from him. If they had heard this, they would have released what they are keeping as their bonafide property for general use.

The World Is Abundant With Wealth

The irony of fate is that in any country there must be a millionaire, a billionaire, a trillionaire. Wherever you go to, there must be men of affluence but others are dying in thousands and thousands because of hunger. How do you expect that peace will ever prevail in such a country when

some people have and they do not look kindly on others. Who told you that God has no money. When you go to the Arab countries, you will find that they are very rich. The Jews, the Americans and the Japanese everywhere you find them, they are very rich but they hold back to themselves the wealth kept in their custody by God. God has appointed them treasurers and storekeepers and stewards but they refuse to distribute this money. They are expected to be benevolent to others but they do not do it and that is why you see people suffering in the world. The first lesson will now be read. Listen attentively because it is the panacea for the incurable diseases and every other disease you can think of. Do not think of any other drug because this is a panacea, a medicine to cure all diseases.

1st Lesson: Luke 12:48

“But he that knew not, and did commit things worthy of stripes, shall be beaten with few stripes, for unto whomsoever much is given, of him shall be much required: and to whom men have committed much, of him they will ask the more.”

Brethren, have you heard that? It means that the worldly people do not know and that is why they are inflicted with few stripes but those who know now that what God has given to them as treasurers must be distributed to others not as fortunate as themselves. And that is why the Bible says how hard is it for a rich man to enter into the Kingdom of God? To these people God has bestowed wealth; they hold these things strictly to themselves and refuse to give out. They want the poor ones to enslave themselves to them. They want the poor ones to toil and moil for them before they can receive a kobo. Is the money their own? I want you to tell me

whether you are white or black; what you brought to this world and what you expect to go out with from this world? It is a truism that all of us came empty handed into this world and it is certain that we shall go back empty-handed. And so if we have what to eat and what to cover our nakedness we shall know that these are sufficient for us.

Money-Magnets Should Release All The Money They Keep

God has taken dominion over all His creation and so whoever was bestowed with wisdom or wealth or any other thing, this is the time to bring out these things to serve God. Do not seek after honour and glory for yourself for the person who is worthy has already arrived. God has given money, wealth and many other things to you but you want to keep these things to yourself until somebody toils and moils for you before you can give to him. What about the deadly diseases coming, will you be able to cope with them? Have you not read what is written in Revelation chapter 9; various forms of diseases will descend and those who have not the sign of God on their foreheads will look for life they will not see, they will look for death but will not find death.

Notify The Financial Houses

I want this Gospel to be circulated and distributed to all the financial institutions, banks and investment houses. The money they are keeping does it belong to them? What about the wisdom given to them by God? Why do they keep this knowledge to themselves? Does it belong to them? Whatever God has given to you, you are only a treasurer, you have to give it back to God. Why should you not allow people to use the wisdom and knowledge given to them to do whatever they want to do? You restrict them from doing what they know for one reason or the other. You do not allow them to

express their God-given wisdom in doing whatever they like to do.

The Holy Spirit Can Lead You To Invent

It is written that the Holy Spirit will teach them all things. When you begin to discover and invent certain things, somebody will come and ask about your license. If you want my licence go and produce your own articles. God has taught you several things and you have acquired enough wisdom and knowledge but somebody will argue that you cannot do it. He will ask for your certificate and qualification. Which university did you attend? Why do you want to place embargo on progress because of certificate? Is my work not nice? This then is my qualification and experience. In the same token, God has taught you several things. Impart this knowledge unto others but you keep it to yourself and your house-hold. You have failed and the owner has definitely collected it back from you.

If We Love One Another Our Problems Will Be Solved

God has never departed from this world and it is certain that He will not depart from this world. If God had not departed from man right from the time of Adam, is it now that He has revealed Himself to the whole world that He is going to desert us? The punishment afflicting us arises from the intransigence of those who receive from Him and do not know His commandment. His commandment is that whatever God gives to you, you have to give it fully back to Him, that is His order. If you do not do this, you have failed and you have to suffer. If we keep the injunction of loving one another in this country, many people would go and collect back all the money they had selfishly stored away in foreign banks while we languish here in hunger and penury. What useful purpose does your foreign account serve in your

country? If that money had been used in developing this country, our problems would have been solved. Make no mistake again in saying that there is no money. The fact is that those to whom God has given this money have selfishly kept it to themselves. The problem now is that if somebody who has heard this Gospel intends to give two million naira to the government, he will be arrested. The government will set up a panel to probe him and find out how he has got the money. And that is the fear. Even when you have the money, you would not want to give out for development. Now you can be a civil servant on a salary of one hundred naira but God reveals something to you which can earn you a million naira a day. When you begin to invest this money, the government will want to know where you got the money from. And I ask, have you lost any amount in the government treasury which is traceable to this man?

Why Nigerians Save Their Money In Foreign Banks

Take Joseph for example, for only interpreting the dream to Pharaoh he was made a governor and that did not take away any position from any governor in the whole land of Egypt. The same thing happens here; if you give out whatever you have, your position cannot be taken from you. You remain where you are. If somebody cultivates a small farm and cannot even make two ends meet, but a millionaire with incurable disease calls on this farmer and he prays over him and he recovers. If this millionaire gives a million or two to this poor farmer, does it mean that the farmer has stolen this money because he has been made rich overnight? But the government will begin to poke nose into where you got that amount of money. The Bible says fear goes with punishment. If you go to the bank to deposit one million naira, the government will probe you and find out how you came to accumulate this money. And the government will

eventually confiscate this money. It is because of this fear that people have gone all out to deposit their money in foreign banks. It is possible for one person to take a horse to the stream but it is impossible for a hundred persons to force it to drink! A certain fowl once said after looking in all directions that what lies ahead surpasses what is behind.

God Teaches Man Everywhere Not Only When You Study In America

Realise that we have God and God is the controller of all the people in the world and is revealing Himself to every person and He had made a promise that He will never forsake us nor fail us. He is teaching people different arts and crafts. He is revealing certain secret things to people. It is not until you go to America or India to study that you can invent or manufacture. What debar you from knowing these things is hatred, animosity and enmity. God has bestowed wisdom and knowledge to people. He has also bestowed wealth on others. Even if people decide to give out this money there is the second aspect of fear. When he gives out this money for anything to be done, the people who collect this money will misappropriate it. And you will not know where that money goes to. The second fear is that when you deposited your money and some problem arises which induces you to be involved with only ten naira, the government will freeze your account even if you had up to five million naira. These explain why people fear putting money in such places any more. And so we should realise that to whom much is given, much is required. The person to whom God has given much, God wants plenty from him. The wisdom, power, and children which God has given to you should be used in serving Him otherwise, you will not have peace and tranquility. It is quite simple for any person who is an orphan to be helped by others. It is not easy to help

somebody who has a rich father and a rich mother though he is poor. It is impossible to find anybody who will do anything to assist him. The Republic of Nigeria or that of Africa or even the Republic of the whole world should do something to foster peace. Men should forget past events but look forward with hope to the glory of God.

Monopoly

This Gospel descends from the highest heavens and it comes down to men of all stations in life. And when it reaches the country of the whites, whoever will put this gospel into practice will be blessed by God. This Gospel belongs to the whites, the blacks, the coloured, to men and women, children and adults; because it has been investigated and revealed in the spiritual world that there is much wealth in the world and this wealth is found in a few hands. It is for us to rise up in concert and let us all pull our resources together for the benefit of mankind. A black man will go to Europe or America to study and remain there for twenty years but he will not learn anything. He will be a steward and he will wash plates. He does not know anything because the white man who should teach him complains that he would not waste his time teaching an African who would go back to be rich. It is better I do not teach him at all. In the same token, a black man who has been given the knowledge and ability to do certain things will keep it to himself. He will not teach any person anything; and does not want to be kind and benevolent to others and that is why we find ourselves stricken with abject poverty.

The Black Man Is Selfish

Somebody has twenty companies. Instead of appointing people with proven ability, as managing directors, he places wood as managing director of one company, places water and forest as managing directors of his other two companies.

Tell me how things will be good in such a place. The problem in Nigeria is an act of God; no other person is responsible, because God has seen and every person knows that one person has money enough in America or in Europe which is enough to sustain this country for twenty years. But such a person does not want to retrieve his money to help this country; and that is why the whites have held back to their oars. They will not loan out any money until you surrender everything including your land before they help you. This is not the time you should continue to be stupid. You are not a white man, but you go to bank your money in western countries and then come and move here like a pedagogue. You have never been a white and you will never be one. Go at once and retrieve that money and let us pull our resources together so that we use that money for the benefit of every man in this country. If the wealthy persons in Nigeria are touched by this Gospel and they go wherever they have kept their money and bring the money back to their country and each person contributes whatever he desires in his heart to give, we will improve the economy of this country. This will bring glory and honour not only to this country but also to God Himself. Right now, if you go to borrow money from the whites, they will argue that since you are also a republic you should be self-sufficient. They tease you and make fun of you. Even your proposal to seek for credit facility with the International Monetary Fund (IMF) cannot succeed because the whites with their diplomatic insinuation will confuse the entire issue because they know you have money. Why do you not rise up. Why not pull your resources together. Let us make this country a great one, conducive for all to live.

Ethiopia Shall Rise

It has been an old prediction that "Ethiopia shall rise".

This prediction is fulfilled for the blacks to reclaim their position and coveted glory.

The story of Shylock and Antonio in *The Merchant of Venice* has repeated itself today. This is a challenge to all Nigerians, and indeed, to all Africans. We did not come to this world with anything, it is certain we will not go out with anything. This is the time to deny ourselves of all comforts and freedom. Pull out your money and donate generously, accept to be poor and wretched for the development of this country, and of this continent and for the good of all mankind.

The whites have seen very far into the intricacies of Brotherhood. When they watch the in-roads that Brotherhood has made into the world, they feel it can never happen in their countries and they would refuse to be influenced by the impact of Brotherhood. But it is too late. What was written has to be made manifest.

Through Self-sacrifice God Will Open Avenues of Wealth For Nigeria

This is the test which God has set for you as He set for Abraham. He told him you have only one son but take him and sacrifice for me. Abraham did not hesitate but took Isaac to offer on the alter to God. But when he was about sacrificing Isaac, God told him not to sacrifice him but to look at the hedge of the bush and will find a big ram, he should use that in sacrificing. This is exactly the same thing God will do to you if you comply yourself with the words of this Gospel. God will open avenues of wealth and prosperity to Nigeria, Africa and the world as a whole.

This is what the Father has revealed to the whole world — the whites, the blacks and the coloured. Whoever does not comply with this instructions has himself to blame. The second lesson will now be read.

2nd Lesson: Matthew 25:20—21

“And so he that had received five talents came and brought another five talents, saying, Lord, thou deliverdest unto me five talents: behold, I have gained beside them five talents more. His Lord said unto him, well done, thou good and faithful servant: thou hast been faithful over a few things, I will make thee ruler over many things: enter thou into the joy of thy Lord.”

Brethren, have you heard that? If all the whites who have been bestowed with wealth, at this critical period, use their wealth in the services of God and their fellow men, this Gospel will be manifested in them.

Generosity Is A *Sine Qua Non* For Whoever Wants To Rule

To all the money magnets, millionaires, billionaires, and whatever they may be amongst the whites and the blacks, who are touched by this Gospel and whoever desires to rule a large kingdom, this gospel is a special mandate given by God and provides special privilege of God to all the inhabitants of the world to pass into the joy of their Father. Those who will listen to this Gospel and practise it will triumph because this particular Gospel is not like other gospels you have been hearing in the past, but this mandated gospel is given to you at this time of examination. If Joseph had not interpreted the dream of Pharaoh and not taken dominion over everything, he would not have been a governor. If Daniel did not interpret the dream of Nebuchadnezzar, he would not have been elevated above others. That is the condition for upliftment. If you wish to be a big man in Nigeria, you have to pull out your money for development purposes. If you desire to be a big man in Africa, bring out your money. If you wish

to be a big man in Europe, or in the world to rule with others, then produce your money for development from where you have hoarded it.

A Good Name Is Better Than Riches

Every hypothesis must be proved in experimentation. Every person should experiment on this hypothesis once this Gospel reaches you wherever people may be, in New Zealand, in Australia, in Europe, Asia, America and other places, and you give out any one thing, you will see the benefit you will derive therefrom. This Gospel will be distributed to all places in the world. If you give anything, you will be bestowed with eternal life, peace and the type of redemption you had never dreamt of.

If we plough back to him all the money he has given to us and if we give back to Him all the wisdom He has given to us, what do we loose? He is the owner. We came empty-handed and will depart empty. But you have made a name for yourself. A good name is better than riches.

And that was why when Mary Magdalene was anointing the feet of our Lord Jesus Christ with the costly ointment, His disciples said that the oil could rather be sold and the money given to the poor. But our Lord told them that they are always having the poor with them but they will not have Him always with Him and that what this woman had done will be remembered in all generations.

An Appeal To All Money Magnets

A few years ago, many people were very vocal that Nigeria was a very rich country. If you went to Europe or America then the people would acknowledge you as a citizen of one of the richest countries in the world. But today if you open your mouth, the white man will tell you to shut up and that you are from a poor country. Even though you have millions

overseas, what will you say in your country. You are a poor man in your country. I am making this appeal to those money magnets who felt that they were disgraced and that their money was frozen in the bank, that so many things were done to them; to turn over a new leaf and pull all their resources together so that we make this country a big and famous one. This is the time for Africa to rise.

Africa Must Rise And Assume Its Position

Let the whites come down to Africa because there is food and wealth and everything. Let them come here and enjoy because the Father, the Son and the Holy Spirit are here. Go and teach them, and carry food and other good things to them so that they may realise that God loves all of us equally. Africa arise and take possession of your glory. Forget that you were cheated in the past or disgraced in the past. Whatever had happened to you in the past forget about it and turn over a new leaf; because the Bible says whoever puts his hands into the plough and looks back is not fit for the kingdom of God. It is said that because you people blaspheme the name of God. If you carry your Bible to America to preach to the people that you are there to save them, they will ask you how you can save them whereas you are indebted to many countries. Can your God not give you the money which you go to borrow? This is because you have refused to give out what was given to you. In the parable of the talent the person who had the five talents added five more talents to it and so he was told to enter into the glory of his Father.

This Is The Opportunity For Africa To Rule The World

The whites have ended their turn and now is the time for Africa to rise and demonstrate the love of God, that God

loves us equally. Let us forsake hatred, divisions and segregation because this is the end of time. Give your land for the development of the nation. Give your money and your knowledge for this service. Offer yourself as a living sacrifice — in farming or doing whatever thing you can do. Let us not continue to wait for somebody to come from the sky or from the water. Do not wait for any person to return from Europe. Does it mean that God is not here to teach you?

Only Seek Glory From God.

Remember what our Lord Jesus Christ told the two disciples on their way to Emmaus when they were discussing that the man who was sent to redeem Israel was killed and after three days he resurrected and was not found. He said to them you hard-hearted and slow to understand was it not necessary for the Christ to suffer these things before he passes into the glory of his Father? Let us look for our good name, not for wealth, not for money, not for any other thing. Let us be those who require honour and praises from the hand of God, and not wealth. Because God has revealed Himself everywhere in this generation and for this reason the whole of Africa should rejoice, the whole of Europe should rejoice, the waters, the winds, and lands and all creations, should rejoice because we have all been saved.

No Cross, No Crown

The Holy Spirit has not come for the blacks alone. He has not come to the women or the angels alone but He has come for all of His creation. And so the whole world should abide in love and remain in peace and joy. When we beat and torture and imprison people, do these actions bring us money? Forget about these malicious acts and let us address ourselves to the important thing before us and you will

realise the effect. The teaching of our Lord Jesus Christ is that we should not resist an evil-doer. If someone strikes you on your left cheek, turn the right to him also. All His teachings are based on love. He does not teach us to fight an evil-doer. He does not teach us to quarrel with any person. He teaches us to remain in love with each other. And so let the Nigerians and the inhabitants of the whole world absorb this teaching right now. This lesson is being delivered from the highest heaven. You must absorb it, you must assimilate it, and you must practise it. No cross, no crown.

Living Conditions Are Comparatively More Congenial in Nigeria

The whites are looking for sugar cane, oranges, eggs, paw-paw, and infact most of their needs are all imported from Africa. The door should be thrown open to every person who has the ability to do anything that all may work for the manifestation of God's glory and for the betterment of all the children of men in the world so that there may be greater joy in heaven. Millions are dying of hunger and incurable diseases in Europe and America. In Nigeria, you are in heaven. If you are taken out to see what others are suffering elsewhere, you will proclaim that God is really merciful unto you. Already Nigeria has shocked the whole world because what the people could not think of or believe has been proved. Do you know what it is? There has never been a time when the military takes over the government of any country without bloodshed and that is just what has happened in Nigeria and this proves her as one of the best and civilized governments in the world. This is the handiwork of the Holy Spirit. You remember the first coup in Nigeria when so many people were killed but this was comparatively, a child's play. When the government was taken over, no person knew it was a coup d'tat. Even though the people are hardened they

really know that God is here in their midst. Another typical example is the winning of the world cup by under-16. It has never happened. You have never heard that Nigeria has ever taken even the last position in the world. But do you not see the handiwork of God? From now on, Nigerians, the Africans, the whites, the coloured people should all rise up and work for the glorification of God on earth.

God Is Impartial

What God has done to the Israelites He is also doing to the Gentiles. At first, it was the whites who brought the word of God to this area. It is now the turn of Africa to evangelize the world. Where there is a will, there is a way. If any person accepts as he listens to this Gospel and throws open the doors of his wealth and affluence, every gates will be thrown open — oil, gold, diamond, agricultural resources, and everything will be at every person's command. It does not serve any useful purpose for you to meet everywhere negotiating for loan. The money is here with you. All things are here. What we are expected to do is to come together in love and peace and unity and bring all we have together for the glorification of God.

Bridging The Gap Between The Rich And The Poor

If you have no knowledge, I am going to give you, that is why I am here. I am not there with you. I do not know what you are doing but I want to show you that after the second world war, that class distinction between the lords, the peers, the commons in England was bridged completely. Because the soldiers and the common men who went to war demanded that unless everyone surrenders what he has they will not go to the war again. Because every person pulled his resources together, there was no money and every person was at par. That is what you should do in this country. You

should surrender your money and all what you have so that we pull these resources together and make this country a viable one. Exactly the same thing happened during the civil war in Nigeria. The wealthy ones lost most items of their wealth — motor cars, houses, land, money and they were left as wretched persons. That was a carnal warfare. But this is spiritual warfare, the war of God. You must surrender all your wealth otherwise, you should not hope for salvation.

You spend millions of naira in a funeral. You install a person a chief and spend five million naira. These are useless, transitory and perishable things. Important things are there. Why not stop spending money on such ceremonies and invest your money in ventures which can bring out the development of the country. You complain that there is no money in this country but when a traditional ruler dies you draw up an estimate which baffles people, from where have you collected this money? Brethren, do not labour for food which perishes because this is the time which God has kept for us.

If You Take The IMF Loan, Nigeria Will Sell Its Birth-Right

You should realise that if Esau was not extremely hungry, he would not have gone to Jacob to ask for food. Esau and Jacob were children of the same father and the same mother. Esau was the first-born, Jacob was the second. Esau was very hard-working, a very devoted hunter and he was a very sincere worker. I am speaking to people who can think and I am giving this lesson to you so that when you go back home you can cogitate on it. Do not allow history to repeat itself. Because history will surely repeat itself if you miss this opportunity. When Esau came back, he asked Jacob for food. Jacob told him that there was no food unless Esau was willing to trade his birth-right. This is the second time Jacob

is making the same demand on Esau. The whites are using food to rob you of your birth-right. Unless you do one thing or the other you cannot have what you want. Esau took the proposal very lightly; but have you seen how the Holy Spirit has intervened for Nigeria rescuing her from the snare of the IMF loan lest that situation of Esau should repeat itself. If Esau had thought twice he would not have taken that proposal very lightly. He said of what use is my birth-right to me when I am dying of hunger. The same thing is happening today. You say what is there in the conditionalities of the IMF loan. Sign it and let us have the money. The moment you sign it, you have resold your birth-right because this is the last chance for Esau. This is the chance for Africa. Meet the challenge, Africa.

Hunger Does Not Kill

Hunger will only swell your head but it does not kill. Do not allow history to repeat itself because this is the last opportunity God has given to Esau to regain his lost position. The whole world is covetously jealous of Africa and Nigeria in particular because they know that Nigeria is the city of God, the city of joy and peace, the city of God's chosen people, where no incurable diseases can be found, no pestilence of any kind apart from the little misunderstandings between the tribes. The whites are in great fear of them and hold them in reverence. And so this is the opportunity you are now given to regain and guard your lost position. The whites are ready to wrestle it again from you. Please do not allow them because I do not want them to take this glory from you.

Now Is The Time That Esau Should Be Remembered

After Isaac had given all the blessings to Jacob, Esau came and Isaac had nothing left for him and so he prayed God to

please remember him later on. And this is the time God is remembering Esau. He would have been remembered but it would be through his sweat. And can you not observe the sufferings of the black man? Have you not observed the sufferings of Africa? But this is the end of your suffering.

The whites have known this glory more than you. They are struggling and weeping but nothing will wrest it away from you. God has established it and it has come to be like that throughout all ages and there will be no distinction between the whites and the blacks because all of us are created in the same way by God. We are all equal. This is exactly the parable which our Lord Jesus gave about the vineyard.

Rulership Of The World Has Now Reverted To The Blacks

A certain man planted a vineyard and made a hedge around it and let it forth to husbandmen, and went into a far country for a long time. At harvest season, he sent his servant to receive fruits from the vineyard. The husbandmen beat up some, stoned some and killed some. He sent another set of servants who were similarly illtreated. Finally he sent his son, thinking that when they see him, they would reverence him but when the husbandmen saw him they said this is the heir: come, let us kill him, that the inheritance may be ours. And so they killed him. He then asked them when the owner of the vineyard comes what shall he do to those wicked husbandmen. They judged and condemned themselves by telling him that he will destroy those husbandmen and give the vineyard to others. There and then he told them that the kingdom of God will be taken away from him and given to a nation that will bear good fruits.

The Tide Has Changed in Favour of Africans

If the whites had regarded the blacks as themselves, they would have accepted the rulership of this kingdom. If the

whites had revealed all what God has shown to them unto you and had regarded you as themselves, there would have been no problem and they would still be ruling. People are complaining why God loves the whites more than the blacks. Do you not see what is happening? The tide has now changed. God is taking that glory which was bestowed to them unto Himself and has tied it to His apron string. So brethren, that is why I tell you that what you witness is very efficacious and the Gospel itself brings about salvation to all generations. We should forsake all we have and be kind and benevolent to whoever solicits for assistance whether he is white or black, and love all men equally, as we love ourselves.

There are certain signs wrought which have startled the whites to believe that God is among the blacks. Let us therefore, follow after love and wear as an armour of God, truth and humility imparted to us because God has bestowed humility, truth and love, and no other attributes will be employed in ruling the whole world. Love implies regarding every person in the same way.

The Whites Lost Their Grip On The Africans Because Of The Class Distinction They Introduced

Remember that when the whites first came to our country they invested most of their wealth here in the establishment of schools, hospitals, trading ventures and governmental establishments, and also trained the people and laid a very strong foundation for their investments. That was why the blacks surrendered everything to them, because they thought that the whites did all those things in good faith. But at the end some conditions were introduced including class distinction. This explains why God has confiscated that aspect of glory from them, and it was destined to be so, since it did not originally belong to them. You should, therefore,

not allow this unfortunate episode to repeat itself. If you are given an opportunity to rule any place, do not sow the seeds of division, discrimination and segregation, and do not be tribalistic and clanish, discriminating between the Efiks, Ibos, Yorubas, Hausas, English, Ghanaians. I do not at all want to see any such tendency because if you do it, you have failed. This is the kingdom of the Christ where there is neither white nor black, neither man nor woman, forget about tribalistic and clanish approach because that has always been the cause of your down-fall. We should all refrain from all such tendencies and do things as God has instructed, and taught us.

Travelling Restrictions Will Be Stopped

I have told you times without number that neither visa nor travelling passport that avails much foreign exchange, does not serve any useful purpose as long as we remain in this government of the Christ where everything will be centralized. All such things are work of darkness and bad faith. For example, if you now want to travel to Britain, restrictions will be placed to prevent you from going, whereas if you went to Britain you would observe that the blacks are really numerous, if you went to United States of America, the blacks almost out-number the whites, why the distinction between the whites and the blacks and why the restrictions? Whereas you should be accommodated wherever you go to and into whichever house you enter because heaven and earth and all that are in them belong to the Father, Why should you not call a spade a spade?

The Blacks Restrict The Whites From Investing

The whites are prepared at all times to come to Nigeria to invest their money into any aspect of development, but the Nigerians argue that they should not come because if they

come, they would take their land. Where are they carrying your land to? They also complain that the whites will take away their money, but they have not considered the millions of pound sterling the whites invested. Even if they take the money away, the millions of blacks in those countries will enjoy the money, whether or not they carry away the money, what is the difference? When they first came to your country, did you have any kobo? Did they not bring their money to invest in your country? Did you know that it was necessary for man to wear clothes, drive in a car or fly in an aeroplane? They invented and manufactured all these things for us to use. Of all the discoveries, inventions and manufactures made, what has the black done?

We Enter The Kingdom By Grace, Not By Works Of Law

Have you not heard that when our Lord Jesus Christ made a whip and walloped out those who sold and changed money in the temple and said, it was written that my Father's house shall be the house of prayers, but you have changed it into a den of thieves and house of merchandise. Then the Jews said to Him, what signs have you shown to us for doing all these things. And He answered and said unto them: Destroy this temple, and in three days, I will raise it up. And they said to Him our fathers spent good forty six years to build the temple, but you small kid say you can rebuild it in three days; they concluded that He was demented. We do not enter into this kingdom through the works of law but by grace only. This is so because the whites are very much frightened, as a slave who tortured a regent when he was a child, will be afraid that when the regent grows up and ascends the throne, he will kill him.

What is African Ideology?

I want to ask you Africans, certain pertinent questions. Is

Roman Catholicism indigenous to Africa? Is Mohammedanism indigenous to Africa? Are Hinduism and other religious beliefs and many other patterns of religion as well as secret societies, indigenous to Africa? I want you to answer which of these took its rise from the land of Africa, now that you want to compel people to worship in your own church denomination, is your thinking faculty functioning well? Do you know that you have not yet attained a republican status of government? What is your ideology, what is your government which is indigenous, born and bred here in your country? If you continue with foreign imposed government, you will always live to be slaves to the foreigners. The Headquarters of Roman Catholic Church is in Rome, wherever the branches of the church are established, allegiance is still with the headquarters in Rome. If, therefore, you cogitate that the Roman Catholic should rule, you have failed, this means that you will continue to remain under the tutelage of the old colonial masters.

Worship God In Spirit And In Truth

If you profess to be a Moslem, Mohammedanism is indigenous to Arabia outside Africa, and every year in your purported pilgrimages to Mecca you syphone millions of naira from Nigeria to favour the Arabians. In the same token the Christians have started to syphone millions to Jerusalem. Is that how to be civilised? Is that how to conserve your foreign and domestic reserves? Does it mean that God is only in Mecca or Jerusalem and not in Nigeria, your country? Worship God in Spirit and in truth. Do you not remember the words of our Lord Jesus Christ, that the kingdom will be taken away from you and given to a nation that will bear good fruits. This kingdom has already been taken away from the Israelites, for the Lord Jesus had said: Jerusalem, Jerusalem, who killed all your prophets, of a truth

you will not see me again, until the time comes when you shall say, blessed is he that comes in the name of the Lord. Have you no ears to hear?

Brotherhood The First Indigenous African Establishment Acceptable To The Whites

Why do the blacks not love themselves? Why do they not appreciate what is indigenous to them? Why do they not praise God and thank Him and rejoice for what He has given to them? Do you think that the whites will ever tell you that they appreciate Brotherhood and that they will come in? They will never say that as they are never appreciative of what the blacks have established. Have you seen anything established by the blacks and taken to Europe and America and the whites there accept and appreciate it? But today have you not realised how the whites have been completely absorbed into Brotherhoodism? It is not one spectacular thing that should prompt both the Africans, the Europeans and the Americans to rejoice in this kingdom. Does Brotherhood belong to me or to you? It belongs to all the inhabitants of the world. It is the government which comes down from heaven which will be set up as an independent government in all countries but loyal to the Brotherhood governmental headquarters.

If in Nigeria every person practises the Christ's injunction to love one another, and the inhabitants of each country, Ghana, Russia, India, Britain, United States of America and all other countries practise the injunction, will there be any problem again?

Golden Text: Matthew 13:12

“For whosoever hath, to him shall be given, and he shall have more abundance: but whosoever hath not, from him shall be taken away even that he hath.”

Brethren, can you see what lies before us? All those who do not help others, whatever they have will be taken away from them, and it will be impossible that they can obtain assistance from anywhere when they have difficulties.

Kindness Begets Kindness

When you complain that the people of Cross River State have no money, this is erroneous, they have money, the only snag is that they are not kind and benevolent. There is no community where God has not given plenty of money but there is a tendency in the Cross River State for people to refuse to be kind and generous. This explains why God has taken away from them even the little they had. You come from one village and he comes from another village, you have money and he has not, if he asks you to help him with a certain sum of money to put in business, it would mean that his village, will be more developed than your own and for that reason you refuse to help him.

It is tribalism and clanishness which have brought about the situations we find ourselves. Even if you found a business but you do not have money with which to invest, and you go to an industrialist and ask him for a loan to help you establish the business, he will so lament before you that he has not got any money, that you will tend to pity him. He will tell you that he is heavily indebted to many people. This is not true, money is there, because God has given money to every person to assist those who are not as fortunate as yourself. But he will not give you because he feels that if he gives you the money, you will become rich in future and become more prosperous than him, since he does not want to see you rub shoulders with him.

Tribalism Is Inimical To Nation's Peace

Every person looks after his own good and that of his

house with the aim of pocketing other person. It is malice and bad faith that kill you all. This has been the order of the day in Nigeria and in all other countries of the world. That has been the problem. If you come from the minority area, you will be discriminated against because you will not be employed, and you will not be given contract and the people will forget that God is looking steadfastly on them. Is it not exactly what the whites tended to and God took away the glory from them? Is it not what the Ibos were doing, when should the slogan "Ibo enyi Ibo", during the tenure of their reign, and God has taken the glory away from them? Is it not what is being done by the ruling Hausas? They always ask if you are an Hausa man. Are they knowledgeable? An individual appointee in the state will monopolize everything and only pay attention to his clan and village. This explains why the Bible says those who have not, even the little they have will be taken away from them, and those who have much, more will be given to them. You are aware that God is daily taking wealth away from people.

The Spiritual Sovereign Government

Consider, how many governors have been removed during these few years, is this not indicative of the fact that this is not a carnal government, but still you behave as headless people. You are an administrator, also a steward, a storekeeper and a treasurer. Whatever you have are not yours, you have only been appointed to look after that area, the property is not yours, but you have to look after those who are not as fortunate as yourself, give them their own share of the food. This is exactly how God wants anything to be.

It is said whatever happens to the eyes affects the nose and when you ask God that nothing should happen to your eyes but somewhere else, where should any thing happen that will

not affect you? Would you have me believe that what happens here, the economic recession, the austerity does not affect the whole world, including all countries, the hades, heavens and other places in the world? A man with all members of the body can be compared to one country in relation to other countries of the world, if anything happens to India or Russia, or Senegal, it will also affect all other countries. We should now realise that we are all one. We should now come back home and become reconciled with the rest of our members.

God Freed African Countries From Colonial Domination

The republican systems of government attained in Nigeria and other parts of Africa, were made possible by our Lord Jesus Christ. The main purpose of this freedom is to enable you come out free and serve Him; are you serving Him now? Israel was in the bondage of Pharaoh for 430 years, the inhabitants were tortured and illtreated. According to the will of God, it was said of them that, they will be enslaved for 400 years but after that they will come out and serve Him, and God would judge that nation which enslaved them. During the era of colonialism you heard the slogan that Britannia rules the waves, and that she will ever rule the world and the English people claimed every piece of land as the crown land. But within a twinkle of an eye at the fulness of time, what has our Lord Jesus done? If it were during the colonial time, would you have heard about Brotherhood? Have you ever heard of a republic attained without blood shed? Tell me the truth, if it were a matter of warfare, would all Africa cope or withstand Britain alone? They would have completely been exterminated with one gun shot.

The Germans Were Defeated Because Of British Intrigues

The British are more crafty and cunning than the serpent. Remember their engagement with the Germans in the First World War, 1914—18. The Germans had all weapons of war in addition to their intelligence but they were outwitted by the British. Adolf Hitler rose up and started building store houses for food. He even signed an agreement with Russia to continue to supply them with food; they thought everything depended on storage of food. The Britons manipulated the Russians and tactically told them if they continued to supply food to the Germans to have strength to fight them, at the end of the war, they would ally with the Germans to fight and destroy them. The Russians considered that if that was what was going to happen, they would no longer supply the Germans with food. So they stopped sending supplies to the Germans. Do you see the craftiness of the Britons? And so when Hitler sent for food supplies, the Russians refused. And so he told the Russians to stand by. The Russians then started to realise what the Britons had told them. You cannot confide in the Britons; but for the timely arrival of our Lord Jesus Christ, we would have been over-run. But He has released us. He has brought us out from their clutches. And what has happened to us now will happen to the South Africans. Every person will be free. And so we are indebted to God to come out to serve Him.

God Liberated You, That You May Serve Him

Remember that Britain and America are one entity and they always ally together. But for the timely arrival of our Lord Jesus Christ, they would have allied and no country would have been liberated in Africa. But our Lord Jesus Christ came and liberated us. The Indians and many other countries were under the tutelage of the British but now they have all been liberated. And now you all are indebted to

serve God because you were liberated in order to serve Him.

The Dispersion Of The Jews

You can remember that when Israel asked for independence from the Romans, they were wiped out in millions and only 90,000 people were left. This number was then dispersed to all parts of the world. Israel was only populated again after the second world war and those who formed the nucleus were refugees. You cannot say they are the full-blooded Israelites. Therefore, you have cause to thank God for what God has done for you. You should rise up in concert and work together and serve God in spirit and in truth in His vineyard.

Have you ever known of any warfare in Britain or America ? But look at the Arabs and the Egyptians warring today. It is the Americans, Britons and the rest of them that are insinuating. So that these people will continue to fight while they continue sending them weapons to destroy themselves. Look at their intrigues again with Brotherhood. They come again to calumniate that Brotherhood is dracula, drinking blood; it is a secret society and every evil thing. But I want to tell you that it is too late for them.

Your so-called big men in this country have gone to India to find the origin of Brotherhood so that they can come and worship in the Brotherhood way. The Indians have referred them back to Nigeria. Some others have gone to America to initiate into Brotherhood there but they have been referred to Nigeria, that Brotherhood does not originate from America. Can this not show you that you should rejoice for what you have? This is indigenous to you. The greatest secret that I am revealing to you is that the whites are now in sorrow. They are weeping. They are now complaining that God does not love them. When you go to Europe and America today you see the way they look at you with awe.

They will even ask if they can touch your white soutane. But here you do not regard Brotherhood as anything important because you hate what belongs to you. What is most pleasing to the whites is that they thought Brotherhood will discriminate against them. There is no division at all. This is the new government and every person is the same. There is no segregation, there is no discrimination at all. The Leader's representative in Britain must be a white man.

Eschew Tribalism And Nepotism

You know that the Americans and the Britons are very powerful and they are very sophisticated in whatever they do. They are also very proud. And if this has made a significant in-roads and they have been completely subjugated, what remains next? What remains now is for you to have love. To eschew tribalism and nepotism. Concentrate and take up this truth and love. Go into other countries and declare the call extended to you by God and show them the love and other virtues of God. It is said that charity begins at home. If you do not love yourselves, how then will you love the whites. It is said that a masquerade goes out from a house he will never come from outside into the house. God helps those who help themselves, meaning that we have to give out all what He has given to us; wisdom, wealth, money, children and land to be used for the glorification of God; so that we may take away shame from our faces and from the whole world and inherit the glory which God has given to us.

Other countries I can mention to you have been owing great debts which they will never be able to repay. That is exactly what the world powers want to do with you. If you want to open up any business and you go to them for credit facility, they will not grant you because they have declared you as people afflicted with abject poverty.

Hear The Voice Of God

A nation without a prophet perishes. No person has ever looked for me. If you mention me they will say keep that aside, let us face important things. There is nothing I can do. This is the voice of God and I have to release it to you; I have no other alternative. And I ask the learned professors and doctors and scientists and the rest of them — upon all the meetings, upon all the seminars, they have been holding, whether they have ever discussed a tenth of the knowledge I impart to you. If you place this problem before God and become truly repentant and confess all your sins and surrender everything to God, He will turn over to you and all your problems would be solved. But if you continue to dethrone one another, to kill people and imprison them, will continue like this until you completely exterminate the population. This is not the way to solve this problem.

Brethren, I do not intend to take you further. He who has ears, let him hear. May the Lord bless His Holy Words, Amen.
