UYO AREA PENTECOSTAL CENTRE

KOK LAYS FOUNDATION STONE

BY TOM INYANG-AKPAN

His Divine Majesty, King Roland O. Obu recently laid the foundation stone of the Uyo Area Pentecostal Centre.

The King of kings who was represented at the occasion by Pastor B. A. Otu informed members that the Holy Spirit owns all things and as such all resources should be pulled together for His services.

He noted that the whole world is security conscious because they lack the knowledge of God, whereas Brotherhood members are not slaves to fear, since the Holy Spirit is in them. The King urged the brethren to demonstrate their appreciation by initiating projects that would help in propagating God's works and teachings on earth.

Earlier, the Area Leader's Representative of Uyo, Pastor Essien J. Udoh was full of

thanks to the King of kings for the recent elevation of the former 25 Ekpenyong Bethel to a Pentecostal Centre. It would be recalled that the King of kings at the beginning of the December '96 Pentecostal had changed the status of 25 Ekpenyong Bethel to that of a pentecostal centre with Elder Patrick Okon as the Chairman.

B.E.C. SPOKESMAN APPOINTED

BY EPHRAIM SUNDAY

In order to ensure credible representation on all issues bordering on BCS and its leadership, Bishop (Dr) Okpalla William has been appointed Spokesman for the Brotherhood Executive Council (BEC).

The appointment which was made at the first session of the BEC meeting for this year on Saturday January 11, 1997 received the Holy Father's approval and blessings on Sunday January 19, 1997.

Briefing Trumpet in Calabar after the appointment, Bishop William said that the era of unsubstantiated rumours and unguarded utterances about BCS was over. He explained that his appointment was to make possible authentic representation of BCS on all controversial issues and matters of general interest which require the views of the BCS authority to the public. According to him, people seeking answers to issues that border on BCS should not fail to seek explanations from his office.

Bishop William warned Fellowships, Associations, and individuals whose stock in trade is to address the press unnecessarily to stop dabbling into areas outside their competence but should

rather consult with his office henceforth.

He used the opportunity to hint further on the establishment of the Brotherhood Information Centre (BIC) whose function will be mostly to help researchers, seekers of truth, inquisitive and enlightened minds uncover the truth about the New Kingdom in a number of ways.

BCS Spokesman

According to the Bishop, the Centre would make room for Library Services, provide Books and Photographs of assorted sizes on personalities, events and things about BCS, which would be accessible to all categories of people.

Clearing the air on the functions of the College of Bishops (COB), the BCS spokesman said that the College of Bishops has all the Bishops in BCS as members and that issues raised, dis-

cussed and adopted by the College are forwarded to the BEC for further scrutiny before approval is sought from the Holy Father through the Chairman, King Roland Obu.

According to him, the BEC created by the Holy Father in 1986 has been given the exclusive right to carry out such functions as the printing of BCS yearly Calendar and Desk Diary, take inventory of all assets of BCS scattered all over the world; check and curtail sordid activities by healing homes, bethels, fellowships or individuals and vetting of documentaries, books and other works on BCS or its leadership, before same is published, among other duties.

The Bishop was full of praises to the Holy Father, Leader O. O. Obu, the King of kings and the Holy Queen Mother for his appointment and assured that clearance would always be sought from the Father on topical issues through the BEC Chairman before a stand is taken publicly to uphold the New Kingdom's integrity.

Answering questions on the 1997 BCS Calendar, he described as historical the arrangement of the pages and the orderly placement of

POLYTHEISM, A MISNOMER

BY EPHRAIM SUNDAY

The Holy Father, Leader Olumba Olumba Obu has condemned polytheism and also warns that only the Almighty God should be worshipped because, "before and after Him, there is no other God."

Leader O. O. Obu
There is only one God in existence

The Leader made this declaration at the World Headquarters of BCS, Calabar, during one of His teaching sessions. According to Him, members of BCS are taught to believe in and worship the living God who is capable of multiple manifestations simultaneously.

ABAS INTERNATIONAL/WUM

The Association of Brotherhood Academic Students (ABAS) and World Universities Ministry (WUM) would hold an International Academic Conference on 40 years (1956 - 1996) Ministry of Leader O. O. Obu and the Essence of His Teachings, at NIIA, Victoria Island, Lagos, on Saturday May 27, 1997 and goes on pilgrimage to Biakpan on 1st - 2nd March, 1997.

Don't be left out.

He said that the act of worshipping, deities, artefacts, sun, moon, stars, stones, trees etc. was inadmissible before the Creator. Referring to BCS members, as those who worship God in spirit and in truth, he added that worshipping any object is not only alien but that such worshippers have failed.

DEVELOPE YOUR God-given TALENTS

The Holy Father Advises

In line with the scriptural nomination in 1st Corinthians 12:4-11 that there is one spirit but diverse gifts,

the Holy Father, Leader O. O. Obu has advised every person to develop his God-given talents in order to fulfil his assignment on earth.

During an altar brief recently in Calabar, the Father disclosed that people were differently gifted, and those given to be administrators should hold fast to their works to earn God's blessings.

He said that God is perfect in His deeds and demands perfection in all endeavours, undertaken in His name.

The Holy Father maintained that some persons can preach on love very well but cannot practise same, while others admire truthful persons but are themselves deceitful.

He continued that there were other persons who

SALVATION IS BY GRACE

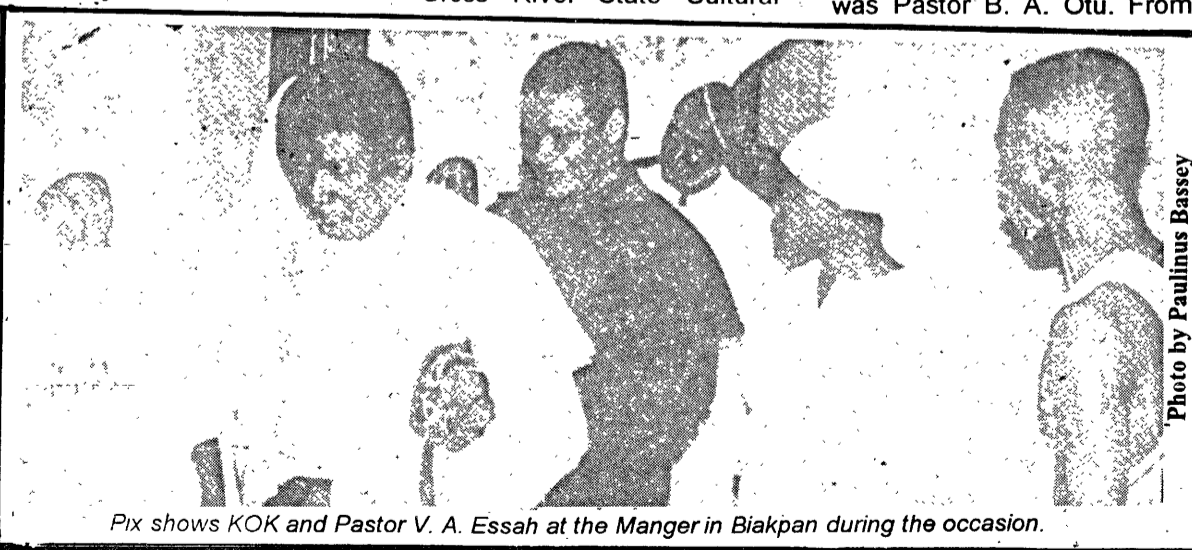

Holy Father

BY EPHRAIM SUNDAY

The Holy Father, Leader Olumba Olumba Obu has said that attainment of salvation by man is by God's grace, and not through hard work or righteousness as claimed by some priests in Christendom.

The Holy Father made this declaration recently at Calabar during an everlasting gospel delivered to the world. According to Him, "It is neither your righteousness, ability to keep God's injunctions nor is it your struggle and labour that save you, but you

On the orders of the Holy Father, Leader Olumba Olumba Obu, Deaconess (Dr) Wandy Mouelle, BCS National L/R for Cameroun has been indigenized and adopted as a bonafide member of Ano Obu's compound and an indigene of Biakpan, Biase L.G.A. of Cross River State.

Speaking to Trumpet at Calabar after the ceremony at Biakpan, Deaconess (Dr) Mouelle, who was baptised on September 25, 1988 into the BCS fold, asserted that her indigenisation order came from the Holy Father, Leader Olumba Olumba Obu in 1996. According to her, "the Father recently instructed that I should be initiated as a Biakpan indigene. Four years ago the Father told me that I am from Biakpan, that irrespective of the fact that I was born in Cameroon, I was from there". She said that the Holy Father told her that "Ano Obu's compound is God's family" and that whatever the family members needed in the course of initiating her, should be given to them.

The official presentation

DR MOUELLE INITIATED AS BIAKPAN INDIGENE

of Deaconess (Dr) Mouelle to the Elders of Ano Obu's compound for initiation was done by His Divine Majesty, King Roland O. Obu in 1996, at Biakpan.

Deac. (Dr) Wandy Mouelle; I am grateful to the Father

The high point of the occasion was merriment adorning of Deaconess Mouelle in Biakpan native attire, amongst other traditional decorations. The occasion which took place at night also witnessed the introduction of the initiate to the land belonging to Ano Obu's Compound by the Chiefs and Elders of the land.

As custom demands, Deaconess Mouelle was named "Ada Ano Obu," meaning first daughter of Obu's family. She expressed gratitude to the Holy Father, their Majesties the King of Kings and the Holy Queen Mother and the entire members of Ano Obu's compound for accepting her membership of God's family on earth.

Among others who attended the occasion are the Land Chief of Biakpan, Chief (Elder) Kanu Abara; Christ Student Assaso Okokon, Francis Ekpo; COG Emmanuel Effiong, Biakpan Elders and other members of Ano Obu's Compound. The initiate had since gone back to Cameroun where she resides.

UN OKAYS FIRST FOOD CONTRACTS

The UN recently approved the first two food contracts under the "oil-for-food" deal, giving the green light for Australian wheat and Thai rice to be sent to Iraq, official said.

Ambassador Antonio Monteiro of Portugal, who heads the UN sanctions committee charged with supervising the application of the accord, said contracts for 50 million dollars worth of Australian wheat and 21 million dollars in Thai rice were approved.

The accord which partially lifts the UN embargo imposed on Iraq after its invasion of Kuwait in 1990 allows Iraq to sell a limited amount of crude oil on the world market in exchange for food and humanitarian supplies for its sanctions hit population.

To this the Holy Father, Leader Olumba Olumba Obu says that "one who discriminates against another is against God and cannot enter the kingdom of God".

BELGIAN MERCENARY LEADS TROOP TO ZAIRE

A Belgian named Christian Tavernier has led a force of 280 white mercenaries to eastern Zaire to help the Zairean government drive away rebels occupying territory along the Rwandan border, the French daily, Liberation, reported.

The paper said that Tavernier, who was described as a friend of French mercenary, Bob Denard had been in touch with advisers of French President, Jacques Chirac

and was in constant contact with Zairean President, Mobutu Sese Seko.

According to Liberation's correspondent in Kisangani, Northeastern Zaire, Stephens Smith, "Col. Tavernier, a tall and lean white-haired man in his sixties," has set up his advance base at Watsa, a mining town, about 700 kilometres northeast of Kisangani.

To this also, the Father says, "all weapons of self-protection such as guns, machet and talisman are used by people who are afraid. Once you do any evil to your brother, you will be afraid of even your shadow. When you are in this state, you will look for every imaginable thing to use and protect yourself from being killed by those you have offended".

3 US KIDS HELD FOR ARSON

An 18-year-old youth and three minors have been taken into custody in connection with an arson at a predominantly black church in the U.S., Federal authorities have said.

Matthew Blackburn, 18, was the only one of the suspects identified in connection with a fire last June at the St. James Zion Church in Jones County, one of dozens of cases of arson that provoked indignation and Federal investigations ordered by President Bill Clinton.

The juveniles were not named because of their ages. Officials said, the accused filled beer bottles with gasoline and make wicks from paper towels to set the church on fire.

Blackburn faces up to 105 years in prison and fines up to 770,000 dollars if convicted of conspiring to destroy the church, carrying explosives and other charges, U.S. Attorney, Janice Mckenzie Cole said.

Here, the Holy Father has stated that, to be carnally minded is death, tribulation, gnashing of teeth, sorrow and the end point of it all is perdition.

SMOKING LINKED TO CRIB DEATHS

Babies and pregnant women should not be exposed to any tobacco smoke, say British researchers. A two-year study by the Royal Hospital for sick children in Bristol, examined every case of sudden infant death syndrome (SIDS) also known as crib death in three regions of England.

Questioning the parents of 195 babies who died and those of 780 others who lived, they found that of the mothers whose babies died, 62 percent smoked, contrasted with 25 percent of the mothers whose babies lived. "The recent research makes it clear that fathers who smoke are also a problem," says Joyce Epstein of the foundation for the study of infant Deaths. "If we could remove all smoking from a baby's environment, we estimate that cot deaths [cases of SIDS] would fall by 61%.

Going by the Father's teachings, "all problems facing mankind on earth is a consequence of disobeying God and these problems are used as a caution in order to bring people back to their Creator."

Stories are called from the Sunday Champion Newspaper and the Awake publications and compiled by Brother Tom Moses.

Thank You Father.

1st Lesson: Rev. 10:1-end

2nd Lesson: Rev. 11:15-18

Golden Text: Rev. 12:1-5

Brethren, you must believe that vision, prophecy and dream are from God. God has not surprised the world by any of actions. Whatever He does has been foretold, inspite of the fact that the time of manifestation is never specified. He has not come to rule in the flesh but in spirit. This is no more time to continue to indulge in sinfulness because the rulership of God

has commenced. Let us be the practitioners of the word of God.

Tuesday Morning 31st Dec. '96:

1st Lesson: Rev. 19:11-13

2nd Lesson Rev. 20:11 - end

Golden text: Rev. 21:22-27

This is the time to reveal the secret of the Kingdom of God. You hardly come across a church that draws their lesson from the revelation of John the Divine because no man understands what is therein, talkless of expatiating it to people. It is only the Holy Spirit Himself that can

read and understand any book of the Bible. That is why no one neither knows nor understands this Kingdom in the flesh.

NEWS KOK ORDERS REVIVAL MINISTRY

...To M'biatok Itam Central Bethel

BY BASSEY BASSEY with EPHRAIM SUNDAY

His Divine Majesty, King Roland Obu has directed that BCS brethren from 51 Ngo, Presidential and 125 Aggrey Road Zones in Rivers State should move enmasse to Mbiatok Itam Central Bethel in Uyo, Akwa Ibom State, for a "revival and expansion ministry" on 8th and 9th of March, 1997.

The King gave this directive recently at Calabar when about fifty brethren (including children) from this Bethel, paid him, the Holy Father and the Holy Queen Mother homage. He said that the "revival and expansion" exercise to be held at Mbiatok Itam Central Bethel would be a true test and conviction point for unbelievers and backsliders in the area and would equally put paid to whatever acts were inglorious before God in the area. According to His Majesty, the Bethel, through the revival and expansion ministry, would be given its rightful position in the scheme of things in the new Kingdom, Her Divine Majesty, Queen Ibom O. Obu, on receiving the delegation, assured them of the Holy Father's blessing and power to restore the 38 year-old Bethel to its glorious position as it were in years past.

In a statement signed by the Bethel L/R, Elder Okon Afia and Pastor U. U. Ekong, the delegation pleaded "with the Holy Father to forgiye" all their "sins and restore unto" them again "his mighty power so that Mbiatok Itam Central Bethel will take its rightful position in His Kingdom." The delegation equally appealed to the Holy Father to reinstate his mighty power of evangelism so that the mother Bethel will recoup its past glory.

Prominent among others in the delegation were Pastor U.U. Ekong (Pastor in-charge), Elder Okon Afia (Bethel L/R), Sister Annie Orok, Christ Witness Ime Etuk, and Practical Student Bassey O. Bassey.

Mbiatok Itam Central Bethel established by late Prophet Ekpenyong Akpan in 1958, noted for it's spiritual prowess in the early 70's would be 39 years old in June 1997.

It is believed that the occasion would witness fund raising to assist the actualization of the physical revivification and expansion of the said Bethel as directed by the King of kings.

Thank You Father.

POLYTHEISM

Continued from P.1

The Leader chided BCS members who undermine God's abilities by wandering and seeking prayers and succour from others saying, "the day you know the God you worship you will be bold, assured and happy."

The Holy Father maintained that though the world brag in their material possessions which are transient, "we boast in our Lord Jesus Christ, the Son of the living God, the Lamb that was slain, who had resurrected and shall live for ever."

DEVELOPE YOUR TALENTS

Continued from P.1

could not preach or love and speak the truth but could practically demonstrate love and truth. According to the Leader, every person should search himself and stick to his talent. Which ever position God keeps you, hold fast and perfect your work. You are sent into this world with specific assignment. You are to keep God's will and not yours."

Reflecting on himself, the Holy Father said, "I know myself. Nobody knows who I am. I am aware of what my assignment is. I came with humility, love, truth, faith and patience," and pointed out that BCS demands not antagonists and that in due course the sheep and goats would be separated to give room for sanity to prevail. Commenting on lifting of ban on enrolment of Children of God, he indicated that henceforth, COG to be interviewed and enrolled should not only be pious in lifestyle but pure virgins.

The Leader asserted that the salvation of every man lies in his recognising, fearing, adoring, loving and worshipping God for whoever goes contrary to these have disqualified himself from the Kingdom's membership.

Stressing on the need for placing round pegs in round holes, the Holy Father said that he was gradually selecting and placing people and things where they should be till things "are normalised" for, as he puts it, "truth, persons are significantly required in the Kingdom".

Thank You Father.

Leader Obu concluded that BCS teaches humility, peace, love, abstinence from fornication, adultery and other vices, and also the belief in, and worshipping of one true God and said "we have one teaching, love, instruction and God."

Thank You Father.

FATHER'S BIRTHDAY CELEBRATIONS ENDED

hails from. In their gratitude to Him for His redemptive mission and transformatory teachings to mankind, the traditional chieftains of Biase organised a special "Thank you Father Reception" for Leader Obu.

In an address presented on behalf of all the royal fathers, Chief Abbot Otu Enang Otu expressed delight to the Father for such magnanimous wealth as the manifestation of the Holy Spirit in a humble place like Biakpan in Biase, L.G.A. of Cross River State and acknowledged the truth, mercy and kindness of God for the dispersed people. He said that the manifestation of the Father in Biase was divinely ordained since Biase means "Children of one Father"

The traditional father said that majority of Biase people, as was in the days of Christ were not forthcoming in BCS but hoped that in this dispensation the Father would change them to His glory. In his speech at the occasion, His Divine Majesty, King Roland Obu expressed appreciation to the people of Biase for their timely awareness and gesture to receive the Holy Spirit in their midst. He also expressed joy that in spite of ganged-up oppression from the principalities of darkness as experienced in the days of Christ, the will of God has been fulfilled in this generation. While appreciating efforts made by humanity to glorify the Son of God, King Roland Obu made reference to Hebrews 7:12 that when priesthood is changed, the law must of necessity be changed" and so enjoined governments, nations, and the cosmic system to join in glorifying the Father.

At Biakpan, the Holy City, brethren made procession to the manger, the New Kingdom Hall and associated structures in the land followed by a divine service, novelty football match between

Nigeria represented by the Children of God's team and the "Peace Stars" of Ghana with a 1 - 1 scores at Full Time.

Also, there were drama sketches by the Rivers State, and the Ghana brethren. The Souvenir Almanac on the 40 years of the Holy Father's Supernatural Teachings on earth produced by the New Kingdom Trumpet was launched. On the raffle draw, the following lucky winning numbers were announced, 01871, 01549, 01789 for first, second and third prizes.

In the address of the International Chairman of the Holy Father's Universal Birthday Committee, Elder Ebenezer Isokrari, read by the Secretary of the Committee, Elder O. J. Akiri, he thanked the hosting communities for the love and encouragement they displayed towards the celebration. His thanks also went to members of the fold, worldwide who defied the odds of the time to ensure the success of the anniversary. He encouraged them to imbibe the teachings of the Holy Father as well as trust in Him as the Holy Spirit of truth who has come to salvage mankind. The International Chairman of the Universal Father's Birthday Committee, expressed gratitude to the Father for his love for mankind and urged the Biakpan people to embrace the New Kingdom in order to change the course of history.

On Monday December 30, the brethren returned to Calabar for the Father's blessings. At Calabar, the Holy Father referred to Revelation 21:1-5 and assured brethren that they were already in the new heaven and earth as the old things were passed away but warned against the promotion of angry passions amongst them.

The participants were assured of endless testimonies and eternal life.

quarters to make any insignia purported to be that of salvation for such was deceitful, misleading and carnal.

Advising on God's expectations from man, He said that a practical demonstration of humility and fear for God, being merciful towards other creations of God, would be a clear indication of man's appreciation to His Creator.

He said that whoever fears and keeps God's words need not wander and get perturbed, eventhough he was told that the world would soon be doomed, because

God shall protect him from the hour or temptation which shall come upon the world.

Quoting from Rev. 2:20, and II Peter 2:7-9 the Leader reminded man that while God delivers the just out of temptation, He does not slack in His promise that any person who overcomes would be given power to rule over the nations.

The Holy Father quoted to support His assertions, Romans 11:5-6 and Revelation 3:7-12.

Thank You Father.

pictures indicate the hierarchy of the BCS, with the Holy Father, Leader O. O. Obu at the helm of affairs. According to him, "the first three pages of the Calendar speaks of hierarchy while the next three pages tell the story of the universality of BCS with pictures of dignifying BCS cathedrals in USA, UK, Nigeria (excepting Israel - Tel-Aviv and Ghana pictures which arrived late)". Though the pictures for the Calendar in subsequent years may change, it is his view that the page arrangement may not change

and may reflect all categories of BCS pioneers in all areas of the organization's development over the years.

He briefly commented on the Resettlement centre which he said was in the offing and would be built at Biakpan to create shelter for all ardent Full-Time-Workers in the New Kingdom at such time their strength retires. Bishop (Dr) Okpalla William who is also the Regional L/R of Kaduna Region promises to address a press conference in April 1997 in Calabar.

Best Wishes Papa

Dear Father, may you accept my humble felicitations at this occasion of your Divine manifestation on earth. I lack the appropriate word to express my gratitude. To say that I am grateful is therefore, not a sufficient expression of my state of mind because nobody cares for me the way you do. Accept my humble gratitude and best wishes. Thank You Father.

COMMENTARY THESE RELIGIOUS WARS

"And he shall send his angels with a great sound of a Trumpet, and they shall gather his elect, from the four winds, from one end of heaven to the other." Matthew 24:3.

Of all forms of wars, religious wars have continued to haunt the conscience of all God-loving men. The reason being that, any time religious war ensues, humanity loses almost three quarters of God's consciousness. If war is waged in the name of the Almighty God, that calls man to seek peace at all times, then there must be something terribly wrong with men in all ages who claim to know God. Indeed, why religious wars?

W. B. Wright chronicling on Assyria, an ancient world power said "Fighting was the business of the nation and the priests were incessant formentors of war" It sounds incredible but this fact is confirmed as a protestant Clergyman Henry Emerson Fosdick confirms thus "Even in our churches, we have put the battle flags. With one corner of our mouth we have praised the Prince of peace and with the other, we have glorified war"

This assertion further incriminates the priestcraft as credible partners in schemes to perpetrate war. Not letting the sleeping dogs lie. Martin Nemoller a protestant leader in Germany further said that "throughout the ages, (the churches) have always consented to bless war, troops and arms and that they pray in a very unchristian way for the annihilation of their enemy" Here again, Christians operate along parallel line with Christ.

It is a known fact that Christians the world over have tried to make it appear truthful that religious wars as it affects

Christianity are always orchestrated from without. This belief is also laid to rest as E. I. Watkin confirms that "painful as the admission must be, we cannot in the interest of false edification or dishonest loyalty deny or ignore the historical fact that Bishops have consistently supported all wars waged by the government of their country."

Is it normal that these religious wars should occur? Is humanity oblivious of the dangers of wars and most importantly the vicissitudes of past religious wars on humanity? Perhaps, no other conclusion aptly describes a religious war situation than Anne Fremantle who wrote in a book "Age of Faith" that "Of all the wars men have waged, none have been more zealously undertaken than those on behalf of a faith. And of these "holy wars" none have been bloodier and more protracted than the Christian Crusades of the Middle Ages."

This was a hazardous experience and an infringement of the Christian doctrine for Hasting's renowned Encyclopaedia of Religion and Ethics notes that "The view was widely prevalent in the early church that war is an organised iniquity, with which the church and the followers of Christ can have nothing to do." That was the stand then and it holds today.

We at Trumpet would not have bothered if not that those events of yesteryears have continued to haunt this generation. It was late Tai Solarin in his Sunday Tribune column in 1991 that said "There has been, since 1960, a steady inclination of the religious axis of this country tilting towards Islam under the civilian and military leaders". It is evidenced that because of this thinking, Nigeria has witnessed a lot of religious

insurrections that could one day snowball into religious wars.

In Islam, the Shittes have continued to look at the Tijanijja sect as inferior specimens of moslems. The Quadarijja do not compromise with any of the above sects. Mahmoud Gaddafi the ruler of Libya holds in scorn most of the moslems from other countries and most times refuse to shake hands with them. The war at the level of the mind is outrageous.

It is true that, Christianity equally suffers this fate. The Catholics look at other Christians as largely ignorant while most Protestants believe that the Catholics have outlived their usefulness. The pentecostal churches and the born again group do not see anything good in the spiritual churches. There is confusion everywhere as the war of the minds take a new toll in our religious organisations.

Having realised the helplessness of man in all areas and his ignorance in religious matters, the Holy Father Leader Olumba Olumba Obu has established the New Kingdom of God on earth. It is in this kingdom that all traces of religious wars are buried as the Universal Fatherhood of God takes control of the whole universe.

It is the stand of the New Kingdom Trumpet that if there must be an end to religious wars of whatever persuasion, then the teachings of the Holy Spirit personified, Leader O. O. Obu on love, peace, unity, equality and the oneness of all creation must be embraced. The general declaration of man to follow the steps of our Father is the only potent force to bring an end to religious wars in this world.

Thank You Father.

SISTER ESTHER OBU ENDS TOUR OF UK

BY ESIN EMINUE

Recently, Sister Esther Roland Obu undertook a tour of the United Kingdom to assess the growth of the New Kingdom in that part of the world.

On arriving London, Sister Esther Obu informed the brethren that her tour would revolve around England. She scheduled her first visit for the Elephant and Castle Pentecostal Centre and all other bethels in the South of England - Forestgate, Peace, Mill Hill and Luton Town.

Next to be visited was the Northern bethels beginning with Leeds, Bradford and Liverpool, followed by a combine service at Manchester Pentecostal Centre.

Welcoming Sister Esther Obu and the convoy to the United Kingdom, the Vice Chairman of UK All Ordained Fellowship, Deaconess Rose Ubah expressed gratitude to the Holy Father, Leader O. O. Obu for the visit. She said that the visit by Sister Esther was a clear show of God's

immeasurable blessings for His children in United Kingdom, and a confirmation of His presence with them.

Deaconess Ubah thanked the Father for uniting all creations through His teachings and testified about the Father's blessings for them when they visited Calabar recently. She noted with joy that the Father's visit through Sister Esther has strengthened their faith and caused the unity of brethren from all parts of England.

Generally, in her address, Sister Esther Roland Obu thanked the Holy Spirit for His love and protection for them throughout the journey and for the various ways He manifested His will in the United Kingdom brethren. She advised the brethren to exude characters that conform to the teachings of the Holy Spirit as they would have no excuse having been adequately taught by the Father. She also urged that the Father's teachings be disseminated to all persons in United Kingdom for their sal-

vation.

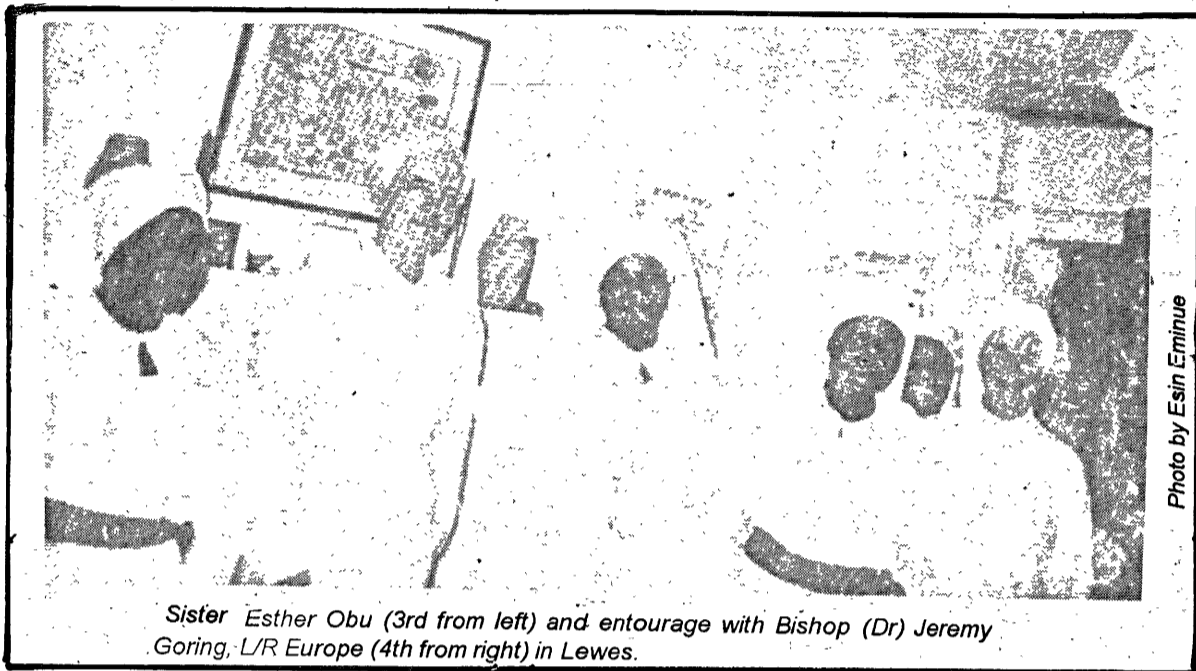

Sister Esther extended her visit and the Father's blessings to Lewes, the home of Bishop Jeremy Goring, LR, Europe. Receiving her, Bishop Goring thanked God for the honour done him.

CHRIST SPIRITUAL HOSPITAL COMMISSIONED

BY PHILIP UMOREN

The National Leader's Representative for Cameroon, Deaconess (Dr) Wandy Mouelle on Saturday the 25th of January, 1997 commissioned the Christ Spiritual Hospital at Kumba, in the country's South West Province.

In her address before the commissioning of the Spiritual hospital the National L/R thanked the Holy Father for the historic moment in the evolution of BCS in Cameroon. She noted that, it was out of the Father's love for mankind that He decided to bestow these spiritual gifts on His children in order to avert the spiritual, physical and other related problems of mankind. She called on the brethren to have a sigh of relief as salvation has now come to them.

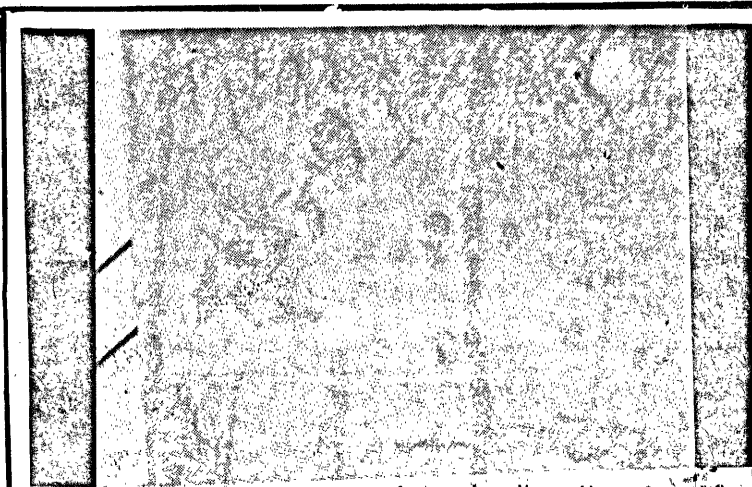

Deaconess (Dr) Wandy Mouelle used the forum to enjoin brethren never to send

their sick persons to Pentecostal Centres, or Bethels, but to the Healing Homes and Spiritual Hospital.

In her address of welcome, Deaconess Agnes Babi traced the history of the

the Divine injunctions of our Lord Jesus Christ in the course of her operations as stated in Matt 10:7-8.

Speaking further, she laid bare the plans about the expansion of the hospital and

NEWS KOK BRIEFS LEADER'S REPS.

BY TOM MOSES

Recently, His Divine Majesty, King Roland Obu briefed all Leader's Representatives in the New Kingdom to keep them abreast of issues and modalities for championing the course of the New Kingdom in their assigned areas.

His Divine Majesty used the occasion of Leader's Representative meeting with the Father to enthrone the principles of democracy in the selection of brethren to offices in the fold. He pegged the service year to one, after which fresh elections should be held in order to give others chance to serve in the vineyard. He further directed that Full-Time Workers at all times should be the Returning Officers in such elections and ruled out all cases of arbitrary termination of officers from their duty posts but that with 2/3 majority a vote of no

confidence could be passed on an erring officer.

For purposes of objectivity, the King of kings also advised that Leader's Representatives should not chair all

His Divine Majesty
King Roland Obu

meetings but they should create chances for others in order to develop their inherent leadership roles and advised the Leader's Representatives and Full-Time Workers to see themselves as Father's of the Bethel.

While King Roland Obu authorized State LRs to create Sub-Pentecostal Centres

where such are necessary, he ruled against anybody creating Pentecostal Centres because of their high cost of maintenance and other extra demands.

However, he warned that where Sub-Pentecostal Centres are established, it should not be in hired buildings for consistency and that Full-Time Workers be posted to run such centres.

His Divine Majesty observed that some people had stopped donating monies during meetings and encouraged them to continue as the Holy Father has not abolished such practices yet.

He used the occasion to intimate the Leader's Representatives of the communication equipment to be installed at the World Headquarters and Blakpan, (the Holy Land) and demanded other States wishing to benefit from such services to apply immediately. Finally, he showered the Father's blessings on the Leader's Representatives and all the children of God in the UNIVERSE.

Thank You Father.

GOD'S TALENTS: USES AND ABUSES

AN EVERLASTING BIBLE CLASS LECTURE DELIVERED BY THE SOLE SPIRITUAL HEAD LEADER O. O. OBU

Beloved, read about the parable of the pounds from verses 12 to 28 of the text above and think about the lesson you derive from same.

God has given a talent each to everyone of us and at the appointed time, He will require of you whatever talent He gave to you. If you are asked now what specifically you have used the talent which God gave you for, what will you say? If you are in doubt of your talent, read 1st Corinthians 12:4-11, Romans 12:4-9. You have now realised that we are all visitors and merchants on this earth. God has entrusted to each and every one of us merchandise. It is our responsibility to market it. Our reward lies on how best we market our goods. I am not saying that you should sell your talent to people at a fee, but that you should all put your talents to use in the overall interest of mankind.

You will account to God in the last day how many people benefited from the talent which God gave to you. He has given wisdom, love, peace, truth and benevolence to some people and others, the power

"Assuming you did not know that you are a servant of God, you should know it today. The husband, children, wife, cars, money, house, beauty, wisdom, knowledge, position, good health, etc. possessed are not meant for your own glory, but all are for use in the service of God."

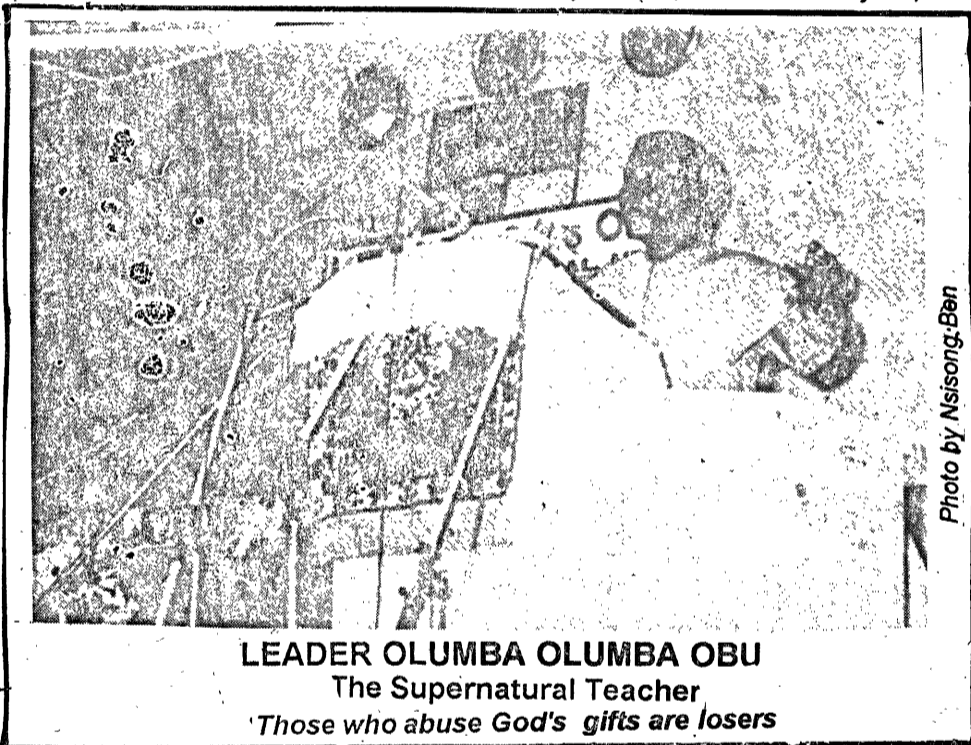

of healing, preaching, songs, deliverance, and exhortation. Many persons are blessed with money, creativity, position, food, etc. He knows why He has so distributed these things to us and wants us to use these talents in serving Him.

He will, at His own time invite you to give account of how best you had put the talent given you to use. If you have effectively put it to use by doing good works which are to the glory of God, you will be rewarded accordingly. But if you prefer to hoard it, the talent will be taken from you to another person who will not waste it. If you had used your talent for self-aggrandisement to the detriment of others who would have benefited, you have a case to answer. And if you are found guilty, then there is a punishment for you. See Luke 12:42-48.

Assuming you did not know that you are a servant of God, you should know it today. The husband, chil-

dren, wife, cars, money, house, beauty, wisdom, knowledge, position, good health, etc. possessed are not meant for your own glory, but all are for use in the service of God. If you judiciously put whatever God has given to you in His service, you will be duly rewarded in the end. But should you hoard it, you have yourself to blame. It is sheer foolishness to boast about God's talent which is in your care because at His appointed time the talent will be withdrawn from you if not effectively utilised.

We must all give an accurate account of our stewardship here on earth. Are you aware that after making trouble, duping people, commit-

ting murder, fornication, adultery, worshipping idols and doing other ungodly things, that you will account for your acts to God? You do not preach the gospel, go on ministry work, give alms, unite with people, visit the sick, pray for the broken-hearted, help the orphans and the widows nor practise righteousness. What do you think of yourself? You use and abuse the money placed under your care for merry-making with your opposite sex. You smoke, punish others, take people to court and pay people to commit all sorts of crime with the money God has given you. Realise that we are all merchants in this world, your reward or gain depends on how best you dispose of your wares to the glory of your master. Read Matthew 25:31-46.

Having read this portion, what then prompts you to go begging for help from man? With this in mind, it is uncalled for, to fight, extort, forni-

cate, lie, murder, worship idol, and engage in all forms of evil acts. Why do you not go on ministry work, pay tithe and free-will offering, give alms, love and teach others what is meant by the work of God. It appears you are toying with these things. Be informed that this is not the time for jokes.

It is time for you to put the gift of God which you have been richly endowed with, to effective use. If you have not done this, what will you say in the end? It does not matter whether you are bond or free, whatsoever you sow that must you reap. Read Ephesians 6:5-8.

The time of harvest has come and you have no cause to joke, the

harvest is ripe. The whites are struggling tooth and nail to have a share in this kingdom but blacks do not seem to see the need for it. By your actions, thoughts and words, you are not worthy to inherit this kingdom.

Take what happened in Ghana for instance; Ghanaians thought they could, on their own, without the aid of he that is sent by the Father, do the work of God. They claimed they know God and so they have no need of a full-time-worker that is non-indigene. With this in mind, they struggled in vain with carnal intent and extorted money from other members and enriched themselves. Realising the expected consequence of this carnal work, I made a pronouncement through the King of kings to them that, they on their own can do nothing except they are led by those whom I have appointed to lead them. Everything took its rightful course when they heeded my advice.

There is no other person who can teach except the Father. And His teachings are true and same gives life and peace. It is through the teachings of the Father that the enmity between Asaga and Biakpan was brought to an end. From 1936 peace was returned by the Holy Father. Before peace was restored indigenes of Asaga could not pass through Biakpan without being killed and vice versa. Today the reverse is the case. All is well with both communities as peace has come to stay. After the war in 1970, the Governor of the then South Eastern State and his East Central State counterpart met and invited the people of Biakpan and Asaga for a peace talk so that the Federal road linking the two communities could be repaired. They refused the peace talk and threatened hell if anything is done to link them. Today through the intervention of the Father, they have accepted peace.

The people of the world have seen the glory of the Father and have accepted Him and His teachings. Everytime, traditional chiefs keep trooping in to seek the Father's blessing and pronouncement on one

"There is no other person who can teach except the Father. And His teachings are true and same gives life and peace. It is through the teachings of the Father that the enmity between Asaga and Biakpan was brought to an end."

issue or the other.

The whites are not left out in the scheme of things. They have accepted the Father. I must confess that if care is not taken the whites, in no distant future will inherit this kingdom before the blacks. The blacks should take heed or else this kingdom will be taken away from them. To be sincere, Americans will surely deprive you of this Kingdom if you are not serious. You have no value for the Kingdom, all you delight in is gossip, covetousness, and deceit. These ungodly acts cause division in the Kingdom.

This is not the time for noise making. If you desire salvation, sit up, face the work of God squarely and work hard for you are justified or commended based on your work. If you are asked what your work in this Kingdom is, what would you say? What is your own contribution for the

TESTIMONY

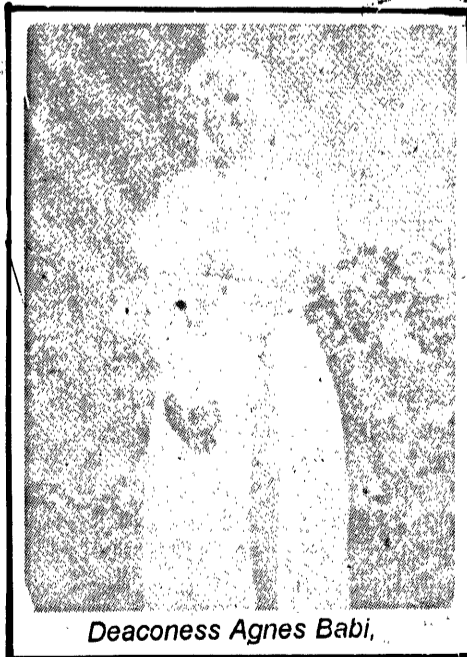

CONDEMNED TO DEATH BY NATIVE DOCTORS BUT O. O. O. SAVED ME

I was sick for twelve years of poison and that led to my discovering BCS. Within this period, I went to many native Doctors from Cameroon to Nigeria. They all confirmed that I will die in April 1985. One of native doctors told me that, my case is beyond them, but that some wretched people were crying that I should not be killed because I was good to them, while others were bent on using me. Finally, we resolved I should go and prepare for my death; but if by April 1985, I did not die, then I'll survive.

During this period, most people owed me a lot of money and refused to pay because they thought I'll die. I took some of them to court and one of those cases was ruled in my favour. I had to go to court to sign for the cheque. While in the court, some of my friends started crying that God should take my life that I was suffering too much. It was at this time that a Brotherhood member working in the court asked me what my problem was.

I refused to tell him my problems, because I was already over exploited in the course of the sickness, so I held all others with suspicion. I thought that he wanted to come and help finish the little

money I had. The man insisted and brought Pastor Bandé to confirm his innocence as a dupe. Still, I was adamant. I recited all the allegations against BCS and O.O.O as murderous blood suckers, and told them frankly that I did not want to sacrifice myself or let me die here in God's hands. However, I appreciated the Pastor for his youth and asked when he graduated from the Theological School. But he told me that he never

graduated but still a student of CUSSPC. I then asked if I could be enrolled, he said, I was already in the school.

I accepted to follow them but refused baptism because by me, I felt I was already baptised in the Presbyterian Church and so needed only confirmation. Even up to the time I accepted baptism, I had no faith in the organisation or the Father. However, in the course of time, I found myself failing in love with the Teachings and now went for baptism willy nilly.

After the baptism, I sort of felt a new spirit within me. I experienced a kind of internal joy which made me believe that I was in God's kingdom. The sickness did not however leave me like magic.

Sometime in March 1985, I asked Pastor Bandé that I would like to see the Holy Father in Calabar. The Pastor asked me why. I told him that, if by His name alone I am well that if I see him face to face then all my problems would be over. I asked the Pastor how to get about it. He said, I must pay tithe. I went to the bank removed all my money and

asked the Pastor to remove one tenth and give me the rest. The Pastor did just that. I left for Calabar. At Calabar, I saw the Father as well as pay my tithe. The Father on receiving me, held me up, embraced me and announced that I was from Cameroon and that He saw my tithe, and that all the poison will get out of me. I was happy but surprised at his knowledge. I went for the April Pentecostal in 1985 and was ordained a Prophetess. Meanwhile, I forgot that I was to die in April 1985. Brethren death ran away from me.

In 1986, I was promoted to the position of a Deaconess. I have also had my share of persecution. I have been arrested and persecuted in his name. My house has been ransacked and valuables taken away. Since then I do not know what to do for my Father, but may He continue to led me aright in His Service.

Thank You Father.

INTERVIEW

INTERVIEW

BY EYIBIO ANTIA

...I AM NOT A WOMAN"

Deaconess (Dr) Wandy Mouelle

It amounts to stating the obvious, the fact that before women the world over started struggling for LIBERATION, those in God's kingdom were already liberated by the Holy Spirit. This accounts for the various responsible positions that the Almighty God has allotted them in this generation.

One of such women is Deaconess (Dr) Wandy Mouelle, who though a woman, sees herself transcending the boundaries of womanhood in all areas thus being able to take control of situations that even most men dread.

Though a Cameroonian, she was brought up in France, married in France and invariably a French citizen. Commendably, the founder of Women's Lions Club in District 403B. Two years President of the District and two years the Deputy Governor. For meritorious service was given the greatest reward "THE MELVINE JONES FELLOW OF THE LION'S CLUB". Dr. Mouelle is the first woman in Africa to bag the "MELVIN JONES AWARD."

She is a Dentist Surgeon and runs a private clinic in Cameroon after working for seven years in France. If Deaconess Mouelle is not a push over in matters of the world, it is not expected that she should perform below expectation in matters of the New Kingdom.

For instance, she is one of the very few brethren who have been revealed, initiated and returned to Biakpan as an indigene. Because of this, she is now known as Ada An' Obu meaning "the first daughter of Obu's compound". Besides this, she is a Deaconess "Senior Christ Student" and one of the mothers of the Christ Students/ Witnesses Natural body.

She was used by the Holy Father to revive the Everlasting Gospel Centre for which she was given a Certificate of Merit by the Holy Father while on the 9th of August 1996, the Holy Father nominated her as the Matron of Eion Street.

Above all, she is the National Leader's Representative for the Republic of Cameroon. She is indeed the first woman to hold this exalted position in the New Kingdom. After visiting the country she administers, it became necessary for Trumpet to chat with her. The result of that interview is here presented to you.

Q. What are the major constraints to the effective running of the New Kingdom in Cameroon?

A. The first constraint is from the English speaking people who were the initial Leader's Representative after the era of Bishop C.O Akpan's ambassadorship. It is as if a source of livelihood was blocked since I took over. This is so because most of their activities were not complimentary. More so, I think my initial interview with the press telling the world that all activities in Brotherhood was free of charge really irked them. For

this, they adopted and still adopt confrontational stance against the Father's administration. REASONS, so that it do not succeed where they failed.

Besides, the recent Full-Time Workers, except in a few cases, are not moving up to par. They block and confuse the zealous brethren, keep them as special members, pray for them at home and extort money from them. Preaching in English by the people not very conversant with the language and not also having people to interpret effectively is a

Deaconess (Dr) Wandy Mouelle with Brother Eyibio Antia during the interview at her residence.

continuous source of worry especially for the French speaking brethren.

Q. In your opinion, with these constraints, do you consider the New Kingdom effectively established in Cameroon?

A. I believe the New Kingdom is effectively established in Cameroon because the Kingdom is the word of God. And that way, from the time the Father sent Christ Witness Ime Akpakpan and the Fellowships were established, the Kingdom was established. It was the Father in Ime Akpakpan who really crystallised the establishment of the New Kingdom in Cameroon.

Q. What major moves have you made in Cameroon to ensure effective and rapid expansion of the New Kingdom?

A. When I took over, I was captured by the word of God. Naturally, I became concerned about those who did not have the word of God. I started sponsoring indigenes of Cameroon for Pastoral Training at the World Headquarters. For now, about eight of them have been trained. Most of them have started making positive impacts in their various stations. We also take Tuesdays and Thursdays to lecture them on the Father's gospel. After this, the Full-Time Worker will take them in as pupil preachers and most time are sent out for practical experiences. Most of them are Preachers Malle, Camille, Peter and Christ Servant Dieudonne.

Q. Has evangelism any place in your administration? Are the Full-Time Workers effective in this direction?

A. Initially, the Full-Time Workers co-operated especially in the days of Christ Student Francis. They were

moving from place to place, to churches and other establishments, to witness. We used to have a team of spirited children moving to hospitals, and prisons for this same purpose. We have tracts translated in French. The aim is to ensure that language does not constitute any barrier. For now Full-Time Workers are not more involved in outside evangelism. Their involvement stopped in the days of Christ Student Umana. As at now authority paper has been given to BCS to preach in Douala Central Prison or New Bell Prison. On my part, I teach some brethren the Father's teachings in French two days a week.

Q. Are you satisfied with the present pace of development of the New Kingdom in Cameroon?

A. I am not satisfied. This is because we have no CATHEDRAL for the Father in Cameroon. We have located a land and very soon we shall pay for the land. This will be in addition to the one donated by Elder (Dr) Effimba at Kumba.

Q. Why is BCS not incorporated in Cameroon despite your known influential disposition in the country?

A. There is no problem. The believe is that the time of God, nobody can change it. AS at now, the matter is in the Presidency. Conflicts in leadership and the negative acts of some brethren who go all out to blackmail Brotherhood before the officials seem to retard the progress. Again, they are also believing that God will not count the sin of anybody who will secure the Certificate of Incorporation for the Father. Most of them do not want me to enjoy that grace. This time, the Father has

Deaconess (Dr) Wandy Mouelle expresses a point...

And that way, from the time the Father sent Christ's Witness Ime Akpakpan and the Fellowships were established, the Kingdom was established. It was the Father in Ime Akpakpan who really crystallised the establishment of the New Kingdom in Cameroon."

upliftment of God's glory in this Kingdom?

God uses little things to manifest His glory. What people disregard is very important before God. For instance, the problem of Asaga and Biakpan started very long ago. It could rightly be traced to the era of the white missionaries.

The first missionary was a lady and she first came to Biakpan but was rejected by Biakpan people. She then passed along and settled at Elu. That is why the people of Elu, Asaga and its environs accepted Christianity as far back as the coming of the missionaries. Sequel to that, the presbyterian church was founded there. The people of Biakpan, later changed their minds and attended religious services by travelling to Asaga. The church ministers, when the need arose, went to Biakpan to administer communion and to carry out one form of religious activity or the other.

As a result of these religious activities Asaga, Elu and the neighbouring

to happen as harbingers to the physical manifestation of God.

One of our sisters rightly testified that God comes in a secret way that confuses people. If He were to have come with pomp and pageantry, with angels chanting and blowing trumpet and all the quarters alerted, how possible do you think it will be for him to land from the sky? Snares would be set everywhere for Him so that on landing, He will be destroyed at the same moment; you can trust man for that. It is for this cause that God has chosen to come in a secret way far beyond human knowledge. The teachings herein obtained have never been taught any man from the beginning of time. No man can give this type of lectures except God. And there is no university in the world that can groom someone to be competent enough to deliver this type of teachings.

You may be a lawyer, political scientist, philisopher, theologian, etc, but you cannot teach the lesson as taught by the Holy Spirit in this Kingdom. His teachings, technique and the content of His teachings

one another, the people of Andoni and Ikot Ekong rushed to seek the Father's intervention in the matter. Can the government do this? Not even charms, ammunition and concoction could solve the problem of these two communities. When they came here, I told them to get baptised and celebrate feast.

This, they did, and peace returned to them till date. With this and many similar incidents, the eyes of many are opened.

JUDGEMENT IS IMMINENT

You have no cause to remain idle like people of the world are doing. Put your talent to use. Always ask yourself, what have I done? How many souls have I saved, and to what extent have I contributed to the work of God? Compare the blessings and mercy you have from God with your achievements so far in the vine yard of God. This is the time of judgement, and not a time to toy about with the word of God. Everyone will give an accurate account of his/her inputs in the work of God. This is the end of time. The time of judgement has come. Read what the scripture says at Luke 16:12

fact that the people of the world neither know nor believe in God. Except one comes here to receive the true teachings of Christ, he can not know God.

For any community, person or group of persons to know God, such must be taught by either the Father, or anyone sent by the Father. This accounts for why I train people for this job. On graduation, I send you out to practise and teach what I have taught you. I am careful of the block-heads, these type of people will rather go to destroy instead of gathering the sheep.

Let it be known to you that in this end of time, judgement is imminent. You have to be judged according to your work. It is your work that will

exonerate or condemn you. You cannot receive the true teachings of Christ from any other place other than in this Kingdom. And having been taught you have to practise same and teach others who are yet to come to the realisation of this truth. The teachings obtainable in other churches are out-dated and fake.

In this Kingdom, I am assessing every man based on his work. Your work comes after you. I know every person's capability in this fold. Now and have at my finger tips, your style and managerial prowess. I know where you are functioning effectively and where you are lacking.

OBEEDIENCE IS THE FIRST ORDER

communities became developed and were much more civilized than Biakpan. And when eventually a man of God was said to be raised from amongst Biakpan, it was unbelievable. Biakpan people were regarded as uncivilised and unclutured and based on this premise, a man of God could not be raised from amongst them, talkless of the Holy Spirit Himself. This was the people's belief, and they thought that anything pertaining to Christianity should originate from Asaga or Elu.

A local trader known all over the place cannot eventually become God, the people would say. No doubt it is not easy to believe God, judging from these facts. It is indeed an uphill task. But all these things had

have brought to naught the wisdom of man. Of all the clergies, inundating this world, who is capable of giving this kind of lecture or practise it?

There is no point being arrogant when you cannot practise the word of God. It does not stop at your eating fish, receiving healing of any form or going on ministry work. All these things are secondary. God has given you a talent, put it to use. If you allow your talent to lie wasted, you will not have something to show in the last day.

Recently Andoni and Ikot Ekong came accusing one another of laying ambush and killing their people. Backed by the fear that they may one day be completely destroyed by

And it also says at Luke 17:10.

order in this Kingdom is obedience. Whosoever does not obey God's instruction is useless. In this Kingdom, you must of necessity obey and fear God, without which you are a nuisance. This is not a place for joke or unruly behaviour. I am looking for diligent and conscientious workers because the harvest is ripe. I cannot fail to mention and appreciate the good works of Christ' Student Bernard.

**'Leader O. O. Obu
The Supernatural Teacher**

The Ghanaians have commended and praised him for his works there. If he has truly done this, does he not deserve God's blessing.

BCS activities in Cameroun have also witnessed steady growth because of the efforts of Christ' Students Francis and Umanah.

These are the people I want. I need conscientious and devoted workers in this fold. But some persons would not attend the Bible class lecture, preach the gospel and are not prepared to repent from sin. How and on what grounds do you have to inherit the Kingdom of God? The harvest surely is overdue but the workers are nowhere to be found. All have derailed from the path of rectitude. What account shall you give in this end of time if you do not utilise your talent effectively?

"You have been blessed with the potentials to do good works because there is much work to be done here. The question now is, who amongst you is ready to sacrifice the talent God has given him for His service?"

The scripture at Revelation 14:6-7 says that:

And I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on earth, and to every nation, and kindred, and tongue, and people saying with a loud voice, fear God, and give glory to him that made heaven, and earth and the sea, and the foundation of waters.

You have been blessed with the potentials to do good works because there is much work to be done here. The question now is, who amongst you is ready to sacrifice the talent God has given him for His service? Rather, you are using your talent for selfish and immoral motives. You proceed on ministry work with the evil intention of snatching peoples wives and husbands. By this action you are causing disunity and division in the vine yard of God. At the same time you claim to be righteous; is putting asunder married couples an act of righteousness? In this Kingdom, obedience is the greatest commandment and it is the first order. Whatsoever knowledge you have acquired before you came into this kingdom, you are advised to adhere strictly to what you are taught here. If you are not obedient, you are wasting your time, and have no stand in the Kingdom. Before now, I had said that the Leader's Representative in United Kingdom would be an Englishman.

At the appointed time, Bishop (Dr) Jeremy Goring was appointed the Leader's Representative to Western Europe.

You are not right to exalt yourselves unnecessarily. This Kingdom is not yours, as such, you are duty-bound to be loyal to the Holy Spirit. If you were obedient to God, you would not be wasting too much time at meetings. What do you argue about? Resolutions should easily be taken at meetings as directed by the Holy Spirit Himself. Whosoever takes the instructions of the Holy Spirit must be effective in whatever thing he does. Brother Nakanda is not very old in Brotherhood, but any Fellowship I put him at the head is likely to be revived. Another person worthy of mention is Brother I. T. Umoh of the Red Cross. Through his exemplary life in the Red Cross Society, many people have received baptism. But when I send most of the members here to do a particular thing, they would capitalise on the authority given them to ride on others. Some members are afraid to give me feedback when I send them on assignment because of their dubious character, and arrogance. Once you do this I will not send you

again. I want you to take particular notice of the fact that everybody is undergoing a test. And if you pass the test, you are worthy of this Kingdom and on failing the test, you loss out. Your efficiency in one assignment qualifies you for another. Most of you cannot leave 34, Ambo Street (the Headquarters) for any other bethel because of your wrong doings. You know too well that if you go to any station to exhibit your negative tendencies, you stand the risk of being thrown out of the bethel by the devoted members.

Many of you here have titles qualifying you as ministers of God. What have you achieved as a minister of God? Realise that except you put your talent which was given to you by God to effective and positive use for the glory of God, you are a minister without portfolio. You are reigning but not ruling and at the time of judgement, you have questions to answer for not justifying your position as a minister of God.

My peace and blessing abide with the entire world, Amen.

The Father's 40 YEARS TEACHINGS ... Excerpts on submission to Those in Authority

Brethren, the fall of man emanates from this Gospel I am going to deliver today. From the time of Adam to the present day, man has continued to be falling because he does not submit to his ruler. A Sister and her Brother stay at home but she does not submit to him (the husband) children do not submit to their elders after all. In the cities, no subject submits to the rulers. The citizens of a country do not submit to the government. Nobody listens to the police. You do not regard the police, you disrespect the soldiers and you are unpatriotic to the government; how do you think there can be peace? Why did God create a man and a woman? Why does God appoint one out of two as a leader and not both? He does this to keep peace. We have to submit to anybody that is placed in authority to rule over us. You do not submit to your rulers yet, you say you know God. If you do not submit to the rulers can they know God?

In the church, you do not listen to the Pastor. You pay deaf ears to the Elder while you trample on the instructions of the Bishop. What do you think you are. Despite these, you still go about with a Bible in your hand. I appeal that from today, submit unto your rulers. Whether the person is your enemy or otherwise, once he is appointed as your ruler or placed in a position of authority, you have to regard him, but now the reverse is the case and that is why destruction has befallen man. The down fall of man is what we are telling you about.

Why did Adam suffer? It was because he did not submit to his ruler. God instructed the couple (Adam and Eve) to eat all the fruits in the Garden of Eden excepting one that was in the centre. He advised them not to take instructions from anybody because He would teach them all things. If Adam had taken God to be his ruler and submitted entirely to him, nothing would have happened to him. Anybody placed in authority over you has the mandate to rule over you, and you have to submit to him. This is because God has made it so. If you say you know the truth and lacking knowledge of the above; it means you have not known anything.

All men and animals were created by God and He has put them in different positions. Give everyone the due respect. If you fight with anyone placed above you, know that you fight with God and therefore bring problems to yourself. Even if your own child is placed over you, you have to obey him. If you find that a younger one than you has been ordained, you have to respect him. This is the cause of your immeasurable problems. You say you cannot co-operate. If you refuse his order you have ultimately refused the order of God and invite problems unto yourself.

REVELATIONS

In the Name of our Lord Jesus Christ, Now and forever more, Amen.

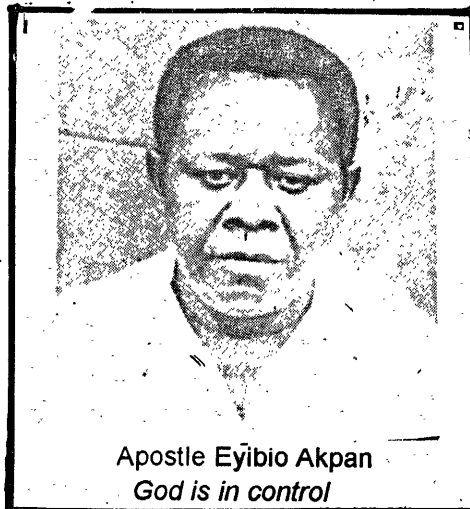

In the spiritual world, I was conducted round the twelve spiritual planes. The people I saw in the first plane were joyous and cheerful. The second plane was filled with children while the third plane comprised women of menopause age. The message I received here was the proclamation of Leader Olumba Olumba Obu as the Comforter. While they implored the Father to forgive their sins against judgement which they said has started already, their message was that people should be remorseful of their sins.

The fourth plane was inhabited by aged men. In unison, this group pleaded with the Father who they claimed wore black garment to forgive their sins and save them from perdition.

The fifth and sixth planes were inhabited by male and female youths

GOD'S RULERSHIP IS IMMINENT

respectively. Here, a loud voice warned against the spilling of blood and commission of abortion as saints are yearning to come back to the world to serve God.

Apostle Eyibio Akpan
God is in control

In the seventh plane, people were rejoicing that wisdom of all types have come to Africans here described as the first fruits of God.

The eighth plane constituted the

Christians. They were warned about an impending danger if they continue to oppose Brotherhood of the Cross and Star and its leadership. They were said to be those who pass through the window, that now the Ruler and Owner of heaven and earth has come, churches must submit to Him.

The ninth plane had the self-acclaimed white scientists, technocrats and experts in the various fields of human endeavour. They were advised to shun pride, surrender and declare for the Holy Spirit on earth. The people in the tenth plane were seen handing over their wealth to the Holy Spirit towards the enthronement of oneness.

The eleventh plane was the Atlantis. The Father was seen descending into the Atlantis to release its inhabitants to come and pay obeisance to Him.

Consequently, the Seas have been stirred and upturned to ensure that all spirits beneath the earth

come out to subject themselves to the rulership of the Father.

The twelve plane is the residence of the Sole Spiritual Head of the Universe, Leader Olumba Olumba Obu. It was here revealed that Jesus Christ will formally handover to Him in the year 2,000 for the enthronement of peace, love and universal brotherhood.

GOD'S RULERSHIP

The 1996 Father's Universal Birthday Celebration is revealed to signify that God has honourably taken charge of all things. This will lead to changes in peoples lives and governments. All creations, governments and principalities must submit to His Divine rulership, and to survive His rulership, mankind has been urged to refrain from their old ways of life.

Thank You Father,
Apostle Eyibio Akpan

TESTIMONIES

BROUGHT BACK FROM DEATH

I was seriously sick from February, 1995. I was in a state of coma for a period of one year. Before now, I could not see, speak, eat or walk. I was completely bedridden. At a point I was considered dead but the Holy Father in His infinite love healed me. Specialist Doctors who had exhausted their banks of wisdom and knowledge but without any headway came on hearing of my recovery, baffled at the miraculous cure. They confessed that the sickness was beyond medical wisdom.

Sister Victorine Bouele: I am alive

The Father took us to United States of America to testify of His goodness. At America, the Holy Father revealed His glory through His children to us who are by His special grace strictly vegetarians

Initially, neighbours castigated my children for being vegetarians but it was not long and all the children were eager to take the vegetarian meals. We also fast and reveal our Father through His picture on our singlet.

I thank the Father for His continuous care for us and the ability He has given us to strive to move in His steps despite our human limitations. We pray the Father to continue to uphold us in his right hand of fellowship.

Thank You Father.

NONE RESISTS HIS CALL

The Holy Father called me through my Cousin, Captain Bouele now a Colonel. When he told me about BCS, I reminded him of my exposure to Christianity. That my grandfather was a Pastor in Evangelical Church. That I have to solve my personal problems bordering on materialism before attempting to serve God. I resolved that it was not yet time to serve God. This was in 1986.

In 1987, the Holy Father through Sister Margaret Edimo, a spirited child invited me into the New Kingdom. This time with a promise that the Holy Father will solve all my problems.

It was now that I accepted the baptism. At Yaounde, in Col. Bouele's house at night after the baptism, I started thinking of my problems. Then I knocked my head and said, "Father Olumba Olumba Obu, if you are the Almighty God, please come now and solve my problems."

This was on the 15th of August 1989. At half past eleven in the evening a miracle happened. From nowhere, a blackboard emerged from the ground. A head of a human being started coming from somewhere and I saw the Father coming. His eyes were very bright

and I wanted to shout but He controlled me. Then I asked Him, "Are you Olumba Olumba Obu?" He said, "I am the one", and asked "What are your worries my son?" I said, "Papa I have many problems" He said, "I have solved them."

I have a problem with my house in Yaounde," He said, "I have solved it." "I have a problem with my land in Douala", He said, "I have solved it." I have not been promoted for twelve years. He said, "I have prompted you"

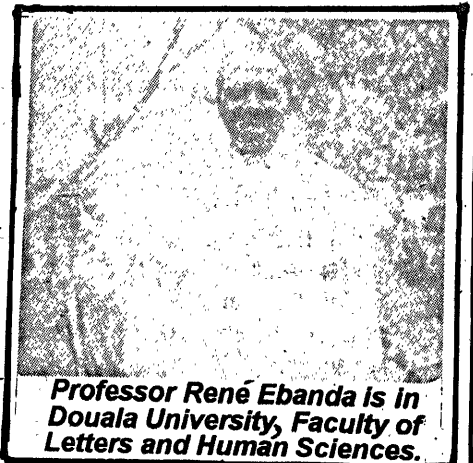

Meanwhile, I was behaving like a teacher, I wanted to test his knowledge and therefore asked Him, "Why is it that when I called you, you stayed three minutes before coming, whereas they told me you will come immediately?" He said, "My Son, I am sorry, right now, if you call me, I will come quickly". I remembered Jacob's encounter with the Angel and I said, Papa, promise me that you will come next time to speak with me". He said, "every time you call me, I will come and speak with you".

When he discovered that I had no more questions to ask again, He said, "My son, can I return now?" I said, since you say, you will come next time you can go". He disappeared with his Head entering the black board and the board entering the ground.

I want to thank the Holy Father for revealing himself to me in that wonderful way. May all those destined to be partakers of this Kingdom come to the full realisation that God is now on earth.

After my baptism, Sister Mary told me that the Father wants to use my house in Yaounde. I told her that it was too early for the Father to

make such demands from me. Another day, the same message came through Prophet Jacque Milambe. I told him that all my tenants were problematic even if they don't pay. He advised me to make a sign board and indicate that the house belongs to Olumba. I complied. By that time the problem with the people in my house was reduced but not stopped.

Professor René Ebanda is in Douala University, Faculty of Letters and Human Sciences.

Again, Sister Margaret Edimo, said the Father wants the house. It was now that I accepted. But for two years, brethren refused to use the house after I had handed over the house to them. I became annoyed and gave the Father an ultimatum for three months after which I'll take possession of the house. The Father sent visioners from all over Cameroon to tell brethren that, they must use the house within one month, they asked me how many years, the house was given. I told them three years without payment. After those three years, the Father asked me, "do you want me to pay for the house." I said, "Papa, let it be until your children have a house". They have been in the house for seven years. It is the wish of the Father that the problem of land in Yaounde will soon be solved.

Thank You Father.
